Template Sparkling Apple Juice Cans

Content: 250 ml

You can use this file as an extra layer in your layout programme.
Do not forget to make our template invisible or to delete it before
you save your final PDF, or JPG with a high resolution.

Format size to be submitted (171 x 129 mm)

It is advised to let the background and all of the images run through
to this edge. This ensures that your printing can be cut neatly and
this prevents a white edge around your print.

Safe zone (2 mm)

Please make sure you keep your important images and text 2 mm
clear of the cutting edges. This prevents a possible cut in the
important parts, or that the images are so close to the edge that it
results in a sloppy design.

Mandatory artwork contents

LEGAL REQUIREMENTS

1. Mandatory artwork contents

Each packaging in the food trade has to contain certain details required by law which are clearly legible.

2. No advertising based on nutritional or health related issues

You are, to a certain extent, free regarding the graphical design of your artwork. Advertising based on nutritional or health details must not be used, because this may violate legal regulations, such as for instance the EU regulation 1924/2006 and 432/2012.

a) What is the exact meaning of nutritional details?

Nutritional details mean any details stating, suggesting or implying that a beverage has particular beneficial nutritional properties. Wordings such as "high in energy", "light", "rich in vitamins", "low-fat", "sugar-free" or "low in sodium" must not be used.

b) What is the exact meaning of health details?

Health details mean any details stating, suggesting or implying a connection between certain food, its contents and health. Wordings such as "Caffeine increases your performance", "Taurine increases your concentration" must not be used.

3. Confirmation of conformity of your artwork transmitted

With the transmission of your artwork, you automatically guarantee not having made any illegal changes of the aforementioned kind in the mandatory data included in your artwork and that your artwork does not contain any nutritional or health details. We would like to expressly point out that we do not verify your artwork for such illegal changes or information.

Should you, despite this guarantee, make any inappropriate changes to the artwork or should the artwork contain inappropriate nutritional or health details, you will exempt us from any claims for compensation made by third parties that may be resulting of the production, distribution and / or use of such printed beverage cans.
