 It is advised to let the background and all of the images run through to this edge.
 This ensures that your printing can be cut neatly and this prevents a white edge around your print.

Finished size (130 x 196 mm)

Your printing will be cut on these dimensions. This format will be the final size.

Safe zone (110 x 176 mm)

Please make sure you keep your important images and text 13 mm clear of the cutting edges. This prevents a possible cut in the important parts, or that the images are so close to the edge that it results in a sloppy design.
