Template

Ring filing cabinet with 59 mm spine

Format: 560 x 315 mm

Use this file in a separate layer in your design program.

Do not forget to make our work template "invisible" or delete it when saving the final PDF, or the JPG with high resolution.

Total measurement of the template (630 x 345 mm)

It consists of the original size + 15 mm of bleed around of the product on each side. Let the background and all the images extend to this (final) edge. Make sure your design can be extended to this size without losing the original design or create a white border.

Product size (600 x 315 mm)

This is the final size of the product, the rest will be wrapped around the rigid cardboard.

Safety zone (4 mm)

Keep your text and important images at least 4 mm inside the product edges. This will prevent them from being cut and avoid compromising the design.
