Format size to be submitted (511 x 367 mm)
Finished size + 3 mm cutting margin (bleed)
It is advised to let the background and all of the images run through
to this edge. This ensures that your printing can be cut needly and this
prevents a white edge around your print.

Finished size (505 x 361 mm)
Your printing will be cut on these dimensions. This format will be the
final size.

Safe zone (4 mm)
Please make sure you keep your important images and text 4 mm
clear of the cutting edges. This prevents a possible cut in the important
parts, or that the images are so close to the edge that it results in a
sloppy design.
