		APPENDIX 2 - PRICE OVERVIEW OF ADDITIONAL SERVICES AND COSTS	21

Preamble

Thank you for renting a vehicle from Europcar!

Europcar is a brand of EMOBG Services Germany GmbH (hereinafter referred to as "**EMobG**"). EMOBG is a German company with its registered office at Anckelmannsplatz 1, 20537 Hamburg, registered with the Hamburg Register Court under the number HRB 168009.

We are pleased to provide you with the following services in accordance with these General Rental Terms and Conditions (hereinafter referred to as "**Terms and Conditions**") upon conclusion of a rental agreement:

- the rental of a vehicle - be it a car, van or truck - to you as defined below in Section 1 for the period specified in the rental agreement, including accessories, which are also listed in the rental agreement.
- certain mobility services that we make available to you for all vehicle rentals and other additional services at an extra charge.

The documents relevant to the contractual relationship between you and EMOBG are:

- the rental contract with the agreed conditions (the document signed by you at the time of vehicle pick-up or on the day of rental or which you received when renting via the EUROPCAR Van Sharing App).
- the booking confirmation by e-mail (if you have booked the vehicle online or offline in advance).
- the EMOBG provisions on insurance cover
- the price overview of additional services
- these current conditions.

In the event of a contradiction between the documents listed above, the documents apply in the order indicated, i.e. document 1 applies before document 2, etc.

1) To whom do the conditions apply?

The conditions apply to you as the renter, who is liable to pay for the vehicle rental and all associated costs. They also apply to you as the driver and to any additional driver who is expressly entered in the rental agreement and is therefore authorized to drive the vehicle.

The tenant registered in the rental agreement is liable for payment of the rent owed under the agreement and other costs.

2) Who may rent and who may drive the vehicle?

a) Who can rent?

Every legal entity and every natural person who

- has the legal capacity and legal capacity to enter into a contract with EMOBG and is willing to assume the obligation for the vehicle for the rental period; and
- has the means of payment accepted by EMOBG (see table below), whereby EMOBG prefers cashless payment:

EMobG accepts the following means of payment
Credit cards (Mastercard, Visa, Amex, Diners, JCB)
Debit cards (Mastercard & Visa) for cars up to and including the Fullsize Elite category and trucks
Girocard (Maestro & VPay Card) for cars up to and including the Fullsize EliteStandard category for a rental period of up to 4 weeks, for trucks for a rental period of up to 4 weeks
Voucher

In particular, the following payment methods are NOT accepted by EMOBG

Prepaid cards and cards from the provider "Nickel" are not accepted

No cash payment possible at EMOBG and all connected stations of EMOBG

- and valid documents, which are listed in the table below:

EMobG requires the submission of the following documents
Identity card or passport
A driving license valid in Germany. Photocopies or digital documents are not accepted. Driving licenses from non-EU/EEA countries are only accepted on presentation of a translation or an international driving license. This does not apply if the driving license complies with the Convention on Road Traffic of November 8, 1968 (Annex 6). Driving licenses from Andorra, Hong Kong, Monaco, New Zealand, San Marino, Switzerland and Senegal are also accepted without a translation. The translation must be provided by a recognized automobile club or a body designated by the Federal Ministry of Transport.

EMobG reserves the right, within its discretion, to refuse to conclude a rental agreement without stating reasons. This applies in particular if EMOBG has doubts about the identity of the renter, the validity of their driver's license, or their creditworthiness. EMOBG is entitled to refuse to hand over a vehicle until the existing doubts, particularly regarding identity, driver's license, and creditworthiness, have been satisfactorily clarified by the potential renter to EMOBG.

b) Who may drive the vehicle? (Authorized drivers)

An authorized driver of a vehicle is any natural person who

- (1) is expressly entered with full details in the rental agreement; this is generally the renter and any additional drivers entered.
- (2) presents a valid driver's license and a valid identification document in accordance with 2 a).
- (3) has the following minimum age and period of possession of a valid driving license, depending on the vehicle category (the period of possession of the driving license also takes into account the driving license (BF17) in accompanied driving):

For drivers of the vehicle category	<u>both requirements must be met</u>	
	Minimum age	Valid Driver's license at least since
Mini	18 years	1 day
Economy		
Economy Elite		
Compact		
Compact Elite		
Intermediate	21 years	3 years
Intermediate Elite		
Standard		
Standard Elite		
Fullsize		
Premium (incl. minibuses in this category)	25 years	
Luxury (incl. minibuses in this category)		
Special (incl. minibuses in this category)		
Selection		
Minibus	21 years	1 year
Truck group 0, 1, 2	18 years	
Truck group 3, 4, 5, 6	21 years	2 years

If the "Company confirmation driver" agreement is in place, company drivers this company can drive the EMOBG vehicle, regardless of the minimum age and duration of driving license possession.

A separate fee is charged for drivers under the age of 23 ("Young Driver Fee"). The specified minimum age cannot be waived by adding the Young Driver Fee.

At the request of EMOBG, the Lessee is obliged to provide the names and addresses of all drivers, unless these are specified in the rental agreement. The drivers are vicarious agents of the Hirer. If the vehicle is driven by other persons (additional drivers), separate costs will be charged for each additional driver.

c) Who is not allowed to drive the vehicle?

A person who is not registered as an authorized driver in the rental agreement may not drive the vehicle. Nor may persons who are unable to present an identification document listed under 2 a) or 2 b).

If you allow an unauthorized driver to drive the vehicle, this constitutes a breach of the Terms and Conditions and you will be liable to EMOBG for any resulting damage caused by you and/or an unauthorized driver.

The unauthorized driver has no insurance cover or protection through additional services offered by EMOBG. Coverage then exists exclusively within the scope of the statutory liability insurance (essential insurance coverage).

3) Where may the vehicle be driven? (contract territory)

The renter and the driver may not drive the vehicle outside the contract territory. The contract territory covers Europe with the exception of the following countries, which may not be driven in, depending on the vehicle category:

- a) **Countries blocked for all vehicle categories:** Albania, Baltic Republics, Bulgaria, Greece, Iceland, Romania, Turkey, Serbia, Montenegro, Macedonia, Kosovo, Bosnia and Herzegovina, Moldova, the Russian Federation, Malta, Ukraine, Belarus and Cyprus.
- b) **for vehicles in the Selection category and from the Fullsize category (excluding minibuses in this category) blocked countries:** Great Britain, Ireland, Italy, Croatia, Poland, Slovakia and Hungary.

If the Lessee drives an EMOBG rental vehicle into a restricted country (sections 3a and 3b), a contractual penalty shall be payable in accordance with the price table in Annex 2 ("Cross-Border Penalty").

For journeys abroad within the above-mentioned and permitted contractual area, EMOBG charges a separate fee ("Cross Border Fee (CBF)", see price overview in Appendix 2). In the case of permitted trips abroad, the Hirer and the driver are obliged to inform EMOBG of the planned trip abroad at the time of booking and at the latest before

crossing the border. If the Hirer does not inform EMOBG of the planned trip abroad to a permitted contractual area, the cross-border fee and an additional processing fee in accordance with the price table in Appendix 2 will be payable retrospectively. You are permitted to prove that we have not incurred any damage or that this is significantly lower than the respective flat-rate processing fee.

If you have any questions, please contact our customer service by telephone on 040 52018-8000.

If you are using an electric vehicle, please note that it is your responsibility to check whether compatible charging stations are available in the country you intend to travel to.

Please note that you are obliged to comply with the laws, traffic regulations and any toll obligations of the country in which you are driving the vehicle. As the renter and driver, you are liable for all claims arising from the owner's liability during the rental period.

4) No liability for items transported in the rental vehicle, business opportunities or business interruptions

EMOBG is not liable for the risk associated with transported items. Nor is EMOBG liable for a loss in connection with a business opportunity or for a business interruption in connection with the rental.

5) What are the obligations of the renter and the driver with regard to the vehicle?

If you hire a vehicle from EMOBG, you and the driver are subject to the following obligations:

- a) The renter and the driver are obliged to return the vehicle and the vehicle keys as well as the accessories at the end of the rental period on the agreed day and at the agreed time at the agreed return location. EMOBG grants a tolerance of 29 minutes at the end of the rental period. There is a tolerance time of 15 minutes for pick-ups (see Section 11 d). The vehicle, keys and accessories must be returned in the condition in which EMOBG provided them at the time of rental. If you do not return the vehicle as stated above, EMOBG will act in accordance with the procedures set out in these Rental Terms and Conditions (in particular in accordance with clause 11, "What rules apply when returning the vehicle?").
- b) If you intend to drive the vehicle outside of Germany, you are obliged to ensure that the vehicle is properly equipped in accordance with the applicable laws of the country in which you are driving or through which you are traveling.
- c) The Hirer and the driver are obliged to drive the vehicle in an appropriate manner, taking into account the applicable laws and regulations, and to ensure that they are familiar with all relevant local traffic regulations. You are liable for all fees, tolls, charges,

finances and penalties incurred in connection with the use of the vehicle, as well as for all disturbances of possession caused by you or third parties to whom you have entrusted the vehicle, for which EMOBG is held liable, insofar as you are responsible for them. For each request from a prosecuting authority or other third party to determine the driver's data, a flat-rate fee will be charged in accordance with the price overview in Appendix 2.

- d) The Hirer and the driver are obliged to ensure that the luggage or objects transported in the vehicle are secured in such a way that no damage is caused to the vehicle and that this does not pose a risk to the passengers. The applicable regulations on load securing must be observed.
- e) The renter and the driver are obliged to ensure that the vehicle is handled with due care. They are obliged to ensure that the vehicle is locked and protected by the anti-theft device when the vehicle is parked or unattended.
- f) The Hirer and the driver may not drive the vehicle if their fitness to drive is impaired, in particular if they are under the influence of alcohol or drugs or if they are ill.
- g) Smoking is strictly prohibited in all vehicles. We are entitled to charge a lump sum for damages in the event of culpable violation of this prohibition by you or third parties transported by you. You are permitted to prove that no damage has occurred at all or that it is significantly lower than the lump sum.
- h) We hand over our vehicles to the renter ready to drive, checked and with all the necessary operating materials. The Hirer and the driver are obliged to fill the vehicle with the appropriate fuels (fuel, oil, wiper fluid, cooling water, etc.) as required during the rental period. If the wrong fuel is used, you shall be liable for the costs incurred for towing the vehicle and/or repairing the damage on the basis of the provisions in Section 12 (Damage to the vehicle). This does not apply if you can prove that the incorrect refueling is attributable to a third party.
- i) Electric vehicles must only be charged using the charging cable provided by EMOBG in accordance with the manufacturer's recommendations.
- j) The renter and the driver may not use the vehicle for the following purposes or permit such use.
 - (1) The vehicle may not be sublet, encumbered, pledged, sold or otherwise encumbered in any other way, not only the vehicle itself, but also vehicle parts, vehicle keys, vehicle documents, equipment, tools and/or accessories.
 - (2) For the transportation of persons for hire or for

payment (e.g. for car sharing and commercial passenger transportation), unless this has been expressly agreed with EMOBG and you have the appropriate permission.

- (3) Carriage of more passengers than entered in the vehicle documents.
- (4) Transportation of flammable and/or dangerous goods, toxic, hazardous and/or radioactive products or of such products that violate the applicable legal regulations (except for everyday products, e.g. deodorant/hair spray, which do not violate the applicable laws and are in accordance with normal use of the rental vehicle).
- (5) Use of the vehicle for the transportation of goods with a weight, quantity and/or volume greater than that entered in the vehicle documents.
- (6) Use of the vehicle for racing, even if the race track is open to the general public for test and practice drives (so-called tourist drives). This also applies to off-road driving, reliability tests, speed tests or participation in rallies, races, driving safety training or test runs, regardless of where these take place and whether they are official or not.
- (7) Use of the vehicle for the transportation of live animals (with the exception of pets and/or animals kept indoors in suitable transport boxes). Any necessary special cleaning costs shall be borne by the Hirer. Special cleaning costs will be charged at cost, but at least at a special cleaning flat rate. You are permitted to prove that no damage was incurred at all or that the damage was significantly lower than the flat rate.
- (8) Use of the vehicle for driving school purposes and accompanied driving.
- (9) Use of the vehicle to tow or push another vehicle or a trailer (unless the rental vehicle is equipped with a trailer coupling and the gross vehicle weight limit stated in the vehicle documents is observed).
- (10) Use of the vehicle on gravel roads or on roads whose surface, size or condition poses a risk to the vehicle, such as beaches, impassable roads, forest tracks and mountains, or roads that are unauthorized and unpaved.
- (11) for the commission of an intentional offense.
- (12) for transporting the vehicle on board an aircraft.
- (13) Use of the vehicle within areas of ports, airports and/or airfields not authorized for traffic and/or in areas, which correspond to the aforementioned areas or which do not permit access to public traffic. This also applies to the premises of a

refinery or oil company, including the associated facilities, unless this is expressly authorized in writing by EMOBG. If EMOBG grants you permission, EMOBG will inform you of the liability insurance cover that applies in this case, which may vary depending on the circumstances.

- (14) to commit customs and other offenses, even if these are only punishable under the law of the place where the offense was committed.

- (15) for other use that goes beyond the contractual use.

During the rental period, you are obliged to take all necessary measures to maintain the vehicle in the condition specified in the contract. In particular, the renter and the driver must carry out the usual vehicle checks, e.g. oil, water level, tire pressure and AdBlue.

If the vehicle you have rented is equipped with assistance systems, it is your responsibility to read the relevant passages in the Owner's Manual before use in order to familiarize yourself with the operation, restrictions and limitations of these assistance systems. You must be attentive and in control of the vehicle at all times.

Please note that the mileage shown on the display may vary depending on your driving style, the charge and the use of heating/air conditioning.

Vehicle displays and operating instructions are always given in the language of the country of registration. For further questions on vehicle operation, please contact EMOBG employees or consult the operating instructions on the Internet, which are available in various languages. If an operating manual is not available online, you will find the operating manual in several languages in the paper version in the vehicle.

You are liable to EMOBG for all consequences arising from a breach of the above obligations. Please note that failure to do so may affect a possible claim for damages on your part.

In addition, you are also liable for the accessories (e.g. child seat, navigation device) and vehicle equipment (e.g. warning vest, warning triangle, operating instructions, telematics/location technology ("Connected Vehicle")) rented by you if these are not returned with the vehicle or are present in the vehicle, insofar as you are responsible for this. You are permitted to prove that we have not incurred any damage or that this is significantly lower than the damage claimed in each case.

EMOBG reserves the right to claim a contractual penalty in accordance with the price table in Appendix 2 if telematics/tracking technology ("Connected Vehicle") is unplugged/removed.

EMOBG reserves the right to demand the immediate return of

the vehicle and, if necessary, compensation in the event of a breach of the aforementioned obligations.

6) What mobility services are included in the rental price?

The basic rent includes the following mobility services:

Mobility services
Motor vehicle liability insurance
Fully comprehensive cover (VK) with an excess depending on the agreed product or according to individual agreement. In some stations, fully comprehensive cover is not included in the agreed rental price. You can book fully comprehensive cover when making your reservation by selecting the Basic, Medium or Premium protection package, which reduces your liability for accidental damage caused by yourself or excludes it if you select the Premium protection package. If you do not book fully comprehensive cover when making your reservation, the vehicle will only be covered by motor vehicle liability insurance and you will be liable for the full amount of the damage to the rental vehicle or the theft/attempted theft of the vehicle if you are at fault for the damage or the theft/attempted theft of the vehicle.
Partial accidental damage cover (TK) with an excess depending on the agreed product or according to individual agreement including theft protection
Included free kilometers, depending on the choice of product
Technical support for the vehicle in the event of impairment of the vehicle's roadworthiness not caused by the renter or driver (emergency management service) in Germany.

7) Which mobility services are not included in the rental price?

You can book additional services and products for an additional charge; these are listed in the price overview of additional services and costs (Appendix 2).

8) What is included in the rental price?

The information you provide to EMOBG at the time of booking (e.g. duration and day of rental, your age or the age of an additional driver) will affect the price you pay. Any change to such information may mean that the price will also change. The price for the rental is the price valid at the time of booking or at the time of any subsequent change to the booking.

The price to be paid by you includes the following costs for:

- the rental costs for the vehicle for the agreed rental period (these include the mobility services mentioned above).
- Additional costs for additional kilometers, if you have booked can specify exactly which additional kilometers are incurred

- the rental period, which is calculated according to the agreed rate; this is not divisible and is calculated from the time the vehicle is rented
- other mobility services or accessories selected by you for an additional charge.
- VAT applicable at the time the service is provided.
- Additional costs associated with the person of the renter or driver (e.g. Young Driver Fee for drivers under 23 years of age).

By concluding the vehicle rental agreement, you expressly authorize EMOBG to collect all costs in connection with the rental using your means of payment. You give your express authorization for this at our station when you hand over your means of payment to our representative before collecting the vehicle.

9) What other fees/costs may be incurred?

- Security deposit. In addition to the rental price (which you have paid in advance when booking or which you pay at the time of collecting or returning the vehicle), EMOBG will ask you to provide security for any additional costs that may arise during your use of the vehicle during the rental period.

This security is granted as financial security, in the case of payment by credit card in the form of a pre-authorization by your bank. If you pay for the rental using your Girocard (Maestro and VPay Card), the deposit amount will be debited from your bank account when you rent the vehicle using your Girocard. If you have not booked your vehicle on site (online, via app or by telephone), the deposit amount will be stated in the confirmation email you receive after your booking. In any case, you will be reminded to pay the deposit at the pick-up station. If you require additional information on the deposit, please refer to section 19 (Regulations on deposit payment).

- EMOBG may charge you for costs incurred during the rental period and/or due to your use of the vehicle. The amount (including VAT) of these costs is listed in the price overview for additional services and costs (Appendix 2). This overview is attached to your confirmation email or is available at our stations and/or on our website.

The above-mentioned costs and fees also include

- Processing flat rates for the determination of driver data for the handling of fines, tolls or other costs arising from the rental for which EMOBG is claimed as the holder. You are expressly permitted to prove that no damage has been incurred at all or that it is significantly lower than the lump sum. Please note that such flat-rate processing fees are payable in addition to the fine or toll and that you are liable for the payment

of such fines or tolls. The lessee of the truck or the owner of the trailer is solely responsible for the payment of the trailer surcharge.

- d) Cleaning costs for a vehicle that is returned in a soiled condition beyond the contractual use or with an unpleasant odor. Special cleaning costs will be charged at cost, but at least at a special cleaning flat rate. You are permitted to prove that no damage was incurred at all or that the damage was significantly lower than the flat rate.
- e) Costs for lost or stolen vehicle keys, insofar as you are responsible for the loss.
- f) Costs for the non-return of accessories and documents supplied with the vehicle (such as warning triangle, fluorescent safety vests, operating instructions, etc.) and/or the accessories you have chosen (e.g. car seat, navigation device, charging cable for a household socket, etc.)
- g) Flat-rate processing fee per claim.
- h) Costs for the processing of lost property.
- i) Fuel consumed during the rental period, including a service charge for refueling.
- j) For car rentals: a climate protection fee per rental day, the amount of which depends on the vehicle category rented.
- k) The following additional special fees and costs: additional costs for a rental at an airport or train station or at a cruise terminal, costs for returning the vehicle to our station (with the exception of the station where you picked up your vehicle), the extension of your rental and additional kilometers that exceed the agreed free kilometers.
- l) Lump-sum compensation for the premature return of the rental vehicle more than 24 hours before the agreed end of the rental period, see Section 11 a).
- m) Fees for reservations or booking/reservation changes, unless made online. This fee is payable once per rental.

In order to execute the vehicle rental contract, EMOBG must be able to use your means of payment to collect all legally and/or contractually owed costs in connection with the rental. You give your express authorization for this at our station when you hand over your means of payment to our representative before collecting the vehicle. In particular, you authorize us to collect contractually owed processing costs in connection with administrative offenses and fine proceedings as well as warnings and fines paid by EMOBG via your credit card, provided that you have culpably committed the underlying traffic violations.

10) What must the renter or driver pay attention to when collecting the vehicle?

If you discover a defect or damage that is not documented in the rental agreement, you are obliged to ensure that this is noted on the rental agreement. This also applies in the event of a defect or damage to the booked accessories. This amendment must be signed by you and the EMOBG representative.

Alternatively, the defect or damage can also be reported directly via smartphone. To do this, please send an SMS with the word "Vorschaden" to +49 177 178 3001 or scan the QR code on the claims management flyer. When you use the QR code, a text message is generated which you only need to send. You will then receive a link to an online form where you can report the defect or damage.

11) What rules apply when returning the vehicle?

You are obliged to return the vehicle to our station or to the agreed pick-up location on the day and at the time agreed in the rental contract at the latest.

a) Return of the vehicle during the opening hours of the EMOBG stations

You can return the vehicle to another of our stations at the costs listed in the price overview of additional services and costs (Appendix 2), which was enclosed with your confirmation email, if you did not make the reservation on site. This document can also be consulted on site at our stations and/or on our website.

The rental ends when you return the vehicle to our EMOBG station and hand over the vehicle keys and other accessories to an EMOBG representative.

If the vehicle is returned at an earlier time than agreed in the rental contract, EMOBG will recalculate the rental costs on the basis of the rates applicable for the shorter rental period (see Section 8). If the vehicle is returned more than 24 hours before the agreed end of the rental period, you will also pay a flat-rate damage fee to cover the damage caused by the premature return. The amount of the lump sum for damages can be found in the price overview for additional services and costs (Appendix 2). You are permitted to prove that we have not incurred any damage as a result of the premature return or that this damage is significantly lower than the lump sum charged. The difference to the excess rental costs paid in advance will be refunded to you.

When returning the vehicle, you are obliged to inspect the vehicle together with an EMOBG representative and to sign a return report for the vehicle.

Upon request, EMOBG will provide you with a return document confirming the return of the vehicle to EMOBG.

EMobG is not liable for items or documents that you may have forgotten in the vehicle, unless it can be proven that they were lost in EMobG's area of responsibility.

b) Return service outside opening hours

EMobG recommends returning the vehicle during the opening hours of the stations. At the customer's request, EMobG offers an additional service outside opening hours at certain stations. Stations with extended opening hours or round-the-clock service can be found on our website.

If you decide to return the vehicle outside opening hours, EMobG will prepare a condition report of the vehicle in your absence.

In particular, you as the renter are obliged to indicate any event and/or damage that affects the condition of the vehicle on the "Damage report" document. This is located in the vehicle.

Depending on the system available and the information you have received from EMobG, this damage report must either be left in the vehicle or deposited together with the vehicle keys in the key return device provided for this purpose.

Please note that your rental contract does not end automatically when you return the vehicle keys. The vehicle will remain in the parking lot until the EMobG station opens to inspect the vehicle and conclude your rental agreement. EMobG would therefore like to remind you to park the vehicle in the designated area in such a way that the vehicle does not pose a danger to third parties or obstruct traffic. The vehicle documents remain in the glove compartment. In view of the fact that the vehicle will be checked at a later date - during the station's opening hours - EMobG recommends that you take photos of the vehicle before handing in the vehicle key in order to record its condition on return and the time of return.

EMobG will inform you as soon as the vehicle has been inspected and if any damage has been found.

c) Return of the vehicle without your presence and during the opening hours of the EMobG stations

If you are unable or refuse to inspect the vehicle together with the EMobG representative, EMobG will inspect the vehicle in your absence and note your refusal of a joint vehicle inspection.

The procedure described in section 11 b) applies.

d) Late return of the vehicle

If the vehicle is not returned on the day agreed in the rental contract or if you are not present at the time of the agreed collection and if you do not immediately report the reason for the late return, EMobG must assume that you are using the vehicle illegally. EMobG is then entitled to file a complaint with the competent authority.

In such a case, EMobG is entitled to charge you a usage fee based on the applicable tariff for each additional day of unauthorized use and, in the event of unsuccessful collection (= empty run), an expense allowance of up to EUR 50.00 in accordance with Appendix 2, unless you can prove that you no longer have the vehicle at your disposal through no fault of your own or that the failure to return the vehicle occurred due to circumstances that are not your fault. EMobG may assert claims against you for all damages incurred by EMobG through your fault, in particular fines, penalties, tolls, third-party claims or measures arising from claims by authorities for the purpose of identifying the tortfeasor or for the purpose of clarifying other circumstances relating to an offense or criminal act.

EMobG is also entitled to take legal action to demand the immediate return of the vehicle. In such a case, the agreed insurance cover and other contractual benefits shall not apply.

12) Damage to the vehicle

If the condition of the vehicle on return differs from the condition when it was rented, the following regulations apply in the event of damage culpably caused by you or the driver.

a) Damage detected in your presence upon return

If damage is discovered in your presence when you return the vehicle and you confirm this by signing the return report, one of the following regulations will apply depending on the extent of the damage:

- (1) In the event of damage in accordance with the price list for direct claims settlement: The damage will be settled on the basis of the price list for direct claims settlement if you pay for it directly on site when you return the vehicle, insofar as this is listed in the price list and there are no other reasons to the contrary (e.g. accidents involving third parties, gross negligence, intent, vehicle exchange during the rental period, special billing modalities, etc.). If the Direct Claims Settlement has been claimed incorrectly on the basis of your information (e.g. accidents involving third parties, gross negligence, intent, etc.), EMobG reserves the right to claim additional compensation retrospectively.

If you subsequently request proof of the amount of damage, we will charge you a flat-rate fee, see Appendix 2.

If you do not pay for the damage directly on site, it will be charged on the basis of a cost estimate or an expert opinion plus a flat-rate fee for processing the claim.

If we charge a flat-rate fee in accordance with the above paragraphs, you are permitted to prove that we have not incurred any damage or that the damage is significantly lower than the respective flat-rate fee.

- (2) for all other claims: Claims that are not listed in the above price list for direct claims settlement will be charged on the basis of a cost estimate or an expert opinion plus a lump sum for processing the claim. You are also permitted to prove that we have not incurred any damage or that the damage is significantly lower than the respective flat-rate fee.

If you do not sign the return protocol, the procedure described in section 12 b) applies.

b) Damage discovered in your absence on return outside opening hours

If damage to the vehicle is discovered by an EMOBG representative in your absence after the vehicle has been returned, the following applies:

- (1) If you have rented the vehicle from EMOBG as a consumer, EMOBG will send you the following documents:

- ☐ Return report for the vehicle with a description of the damage found.
- ☐ Photos of the damage
- ☐ a cost estimate or an expert opinion on the necessary repair costs.

If you have any objections to the damages determined and their calculation, you can inform us of these by e-mail or post within 14 days of sending them to us.

If you do not raise any objections within the 14-day period, EMOBG reserves the right to charge you the necessary repair costs plus a lump sum for processing the claim.

- (2) If you have rented the vehicle as an entrepreneur, EMOBG will invoice you for the necessary repair costs plus a lump sum for processing the claim. EMOBG will send you the following documents with the invoice:

- ☐ a cost estimate or an expert opinion on the necessary repair costs
- ☐ Photos of the damage
- ☐ Return report for the vehicle with a description of the damage found

EMOBG reserves the right to exclude customers with conspicuous claims behavior from future rentals.

c) General regulations

Please note that, depending on the damage caused to the vehicle and the scope of the agreed insurance cover (see also the EMOBG provisions on insurance cover, which were enclosed with your confirmation email or which are

available at our stations or on our website), you may be charged the full amount or only part of the repair costs.

If you have any objections to the damage determined and its calculation, you can proceed as described in section 23.

13) Obligations of the renter and driver with regard to the maintenance of the vehicle

During the rental period, the renter and driver are obliged to take all necessary measures to maintain the vehicle in the condition it was in when it was rented.

Please pay attention to the warning lights in the vehicle display and take all necessary measures in accordance with the operating instructions. If in doubt, please contact our emergency management service by telephone on +49 40 52018-8100.

Any modification or mechanical intervention on the vehicle is prohibited without the prior written consent of EMOBG. If this rule is violated, you are obliged to bear the costs required to restore the vehicle to the condition it was in when you rented it.

If you use an electric vehicle, you are obliged to use only the charging cable provided by EMOBG to charge the battery. If you use a different charging cable, you are responsible for any resulting damage.

If you rent a household charging cable from EMOBG as an additional service, which you can also use to charge the battery at home, you must ensure that your electrical cables meet the current technical standards and the requirements of the vehicle manufacturer before you start charging the battery.

You may carry out repairs that are necessary to ensure the operational and road safety of the vehicle yourself up to an amount of EUR 50.00; larger repairs may only be commissioned with the consent of EMOBG. The repair costs shall be borne by EMOBG on presentation of the relevant receipts, unless the renter is liable for the damage, see clause 23.

You shall be liable to EMOBG for all consequences arising from a breach of the aforementioned maintenance obligations.

14) Obligations of the renter and driver in the event of an accident, other damage, breakdown or theft of the vehicle

In the event of an accident or impaired driving ability due to a technical fault, which prevents you from continuing your journey and/or requires you to stop the vehicle, an emergency management service will be provided. This is included in the rental price. The provisions of the emergency management service are set out in Appendix 1 of these terms and conditions.

In such cases, please contact our emergency management service on the following number:
+49 40 52018-8100.

Renters and drivers are obliged to inform the police and EMOBG immediately after an accident, fire, theft, damage caused by wild animals or other damage. This also applies to self-inflicted accidents without the involvement of third parties. Opposing claims may not be recognized. Even in the case of minor damage, you are obliged to draw up a written report with a sketch. In particular, the accident report must contain the names and addresses of the persons involved and any witnesses as well as the registration numbers of the vehicles involved.

If the vehicle is stolen, you are obliged to provide EMOBG immediately with a copy of the criminal complaint together with the vehicle keys and the vehicle documents, if these have not also been stolen.

15) When is the rental invoice issued and when is payment due?

You will receive a final invoice as soon as all elements of your rental have been settled, but no earlier than the day after you return the vehicle.

Depending on the product and payment method, you pay the full invoice amount in one lump sum or in several parts, or EMOBG collects the corresponding amount using the agreed means of payment.

You can opt for a prepayment (prepayment only when booking online, via the call center or at one of our stations); this prepayment includes the rental for the booked period, the accessories for the rental period and for any additional mobility service booked. Your means of payment will be debited with the corresponding amount. When renting, the renter must present the same credit card as used for the advance payment. You will receive confirmation of the advance payment made. This advance payment will be taken into account in the final invoice for the rental agreement and deducted from any total amount (still) to be paid.

If you decide not to make an advance payment, you will be charged the deposit amount at our station where you pick up your vehicle in addition to the cost of the vehicle rental and the selected accessories, for any additional services or any additional driver or insurance cover, for which you have opted before picking up the vehicle. These costs will be shown on the rental agreement that you sign before picking up the vehicle. The final total cost of your rental will be calculated and charged at the time you return the vehicle at the end of the rental.

Additional fees or costs will be charged to you when you return the vehicle, if they can be charged at that time. If additional costs are incurred, e.g. due to a fine or if damage has been caused to the vehicle that was discovered upon

return, EMOBG will charge you these and other administrative costs (e.g. costs for claims processing, processing fee for fines) at a later date if EMOBG has become aware of these costs.

You can raise objections to this calculation within a period of 14 days, starting from receipt of the letter, by e-mail or by post; this also applies to proof if you are not the originator.

If you do not respond within this period, you will be charged the costs.

If the Tenant has provided EMOBG with his e-mail address, he agrees that the invoices will be sent to him in electronic form to the e-mail address provided and that he will no longer receive the invoice in paper form. It is the tenant's responsibility to ensure that the e-mail address provided is valid and that e-mails can be received at the e-mail address provided.

The Tenant may object to the sending of the invoice in electronic form at any time. EMOBG will then send the Tenant a paper invoice. The additional costs incurred for sending the paper invoice and the postage costs shall be borne by the tenant.

With tenants who are not consumers and who have issued a direct debit authorization, a direct debit notification period (pre-notification) of one day is agreed, which is fulfilled when the direct debit authorization is sent.

If you do not pay the invoice amount by the due date stated on the invoice and even after a reminder, the default interest rate is 5 percentage points above the prime rate if you are a consumer; for business customers, the default interest rate is 9 percentage points above the prime rate. You can prove that the damage caused by default is lower. If, in the event of default, it becomes necessary to commission a debt collection agency, you shall bear the resulting costs, provided that you were not recognizably unable or unwilling to pay and did not raise any other objections to the reason for the claim.

If the invoice amount has not been paid by the due date, the default interest is payable in addition to the outstanding amount.

16) Change or cancel a booking

a) Amendment

You can change your booking free of charge, provided that you notify EMOBG at least 48 hours before the planned start of the rental period. This does not apply if you have booked the non-cancelable option (hereinafter referred to as the "Light Package"). In this case, changes to the booking are no longer possible. You should always use the same communication channel as for the original booking.

Please note that new rental prices and new mileage packages may apply if you change your booking.

You can make changes online via our websites. Alternatively, you can also contact our call center on +49 40 52018-8000.

b) Cancellation and No Show

- (1) **Cancellation** - You can cancel your booking free of charge **up to 48 hours before the start of the rental period**, of which you **must inform EMOBG in good time before the start of the rental period**. This does not apply if you have booked the non-cancellable Light package.
- (2) **Late cancellation** - if you cancel your booking with EMOBG less than 48 hours before the start of the rental period, **you may be charged a cancellation fee of up to EUR 50.00. If you have booked the non-cancellable Light package, you will only pay the full rental price.** If you have paid the rental price in advance, you will be refunded the amount paid in advance minus the aforementioned cancellation fee. If you have not paid in advance, the cancellation fee will be charged via the means of payment you provided to EMOBG at the time of booking. If you have not made an advance payment and EMOBG does not have details of your means of payment, you will still be responsible for paying the cancellation fee. You are permitted to prove that EMOBG has not suffered any loss or that the loss incurred is significantly lower than the cancellation fee.
- (3) **No Show Fee** - If you do not cancel your booking and fail to collect the vehicle at the agreed rental start date, **you may be a no show fee of up to EUR 95.00. The no show fee will not exceed the agreed rental price. The no-show fee is not higher than the agreed rental price.** If you have paid the rental price in advance, you will be refunded the amount paid in advance minus the aforementioned no-show fee. If you have not paid in advance, the no-show fee will be charged to the means of payment you provided to us at the time of booking. If you have not made an advance payment and EMOBG does not have details of your means of payment, you will still be responsible for payment of the no show fee. **If you have booked the non-cancellable Light package, you will only pay the full rental price.** You are entitled to prove that EMOBG has suffered no loss or a significantly lower loss than the no-show fee.
- (4) **Unsuccessful delivery** - If you do not take delivery of the vehicle at the booked delivery time or if it cannot be taken delivery of due to section 2 a) or 2 b), you will be charged an expense allowance of up to EUR 50.00 for the aborted delivery (= empty run) in accordance with Appendix 2 and an additional rental day in accordance with the agreed conditions. A delivery shall be deemed unsuccessful if you do not accept the vehicle on the agreed delivery date and you do not accept the vehicle

within the 15-minute grace period granted. The vehicle must be accepted in accordance with these terms and conditions. You are permitted to prove that EMOBG has not incurred any damage or that the damage incurred is significantly lower.

- (5) **Non-refundable and non-changeable "Light" package** - The Light package is non-refundable and the content of the booking cannot be changed. Changes before or after the rental are not allowed. If you cancel your booking or do not pick up the vehicle according to your reservation, you will not receive any money back.

c) Delay

If you have paid the rental price online or provided your credit card details when booking, the rental station will provide you with a vehicle of the booked vehicle category at the agreed rental time.

If the rental is to take place at an airport or train station and if the train or flight number is not specified in the reservation, the rental station will wait up to 1 hour after the station closes to rent you a vehicle from the booked vehicle category.

If you have neither paid the rental price online when booking the vehicle nor provided us with your credit card details or personal data (e.g. address, driving license number, train or flight number), the rental station cannot guarantee that a vehicle will be available later than 2 hours after the booked rental time.

For deliveries, an employee will wait a maximum of 15 minutes for your arrival. After this time has elapsed, compensation will also be charged in accordance with Section 13 b) (4) if the delivery cannot be made due to your fault. You are entitled to prove that EMOBG has not suffered any damage or that the damage is significantly lower.

d) Force majeure

If you cancel your reservation or do not pick up the vehicle at the agreed rental time or do not (or cannot) take delivery of the delivered vehicle, you are not liable if this is due to a force majeure event.

An event of force majeure exists if the event is beyond your control, could not have been foreseen at the time the contract was concluded even if the utmost care had been taken and its effects could not have been avoided even by taking appropriate measures. Such an event releases you from the obligation to rent the vehicle. If you invoke force majeure, you must demonstrate and prove the conditions for this.

Please note that strikes, delays or cancellations of your chosen means of transportation (train, plane, etc.) are not

considered force majeure and do not release you from the obligation to pay cancellation costs, unsuccessful delivery or a no-show fee.

17) Rental contract extensions

For any extension of the rental period agreed in your rental contract of more than 30 minutes, please contact our customer service by telephone on +49 40 52018-8000.

You are obliged to do so for any extension of more than 48 hours:

- a) to check the vehicle together with an EMOBG representative.
- b) to pay the rent and any additional costs incurred.
- c) to sign a new tenancy agreement or an addendum to the original tenancy agreement.
- d) submit a means of payment for the extension period

If you do not meet these conditions, the provisions of the previous section on the return of the vehicle shall apply.

18) Fuel Directive and Charging Directive for electric vehicles

Please note that the regulations applicable to refueling the vehicle or charging the battery for electric vehicles depend on the country of rental and the type of vehicle you have chosen. Please check carefully the regulations that apply to each of your rentals. Please ask the EMOBG representative for details of the options available.

a) Internal combustion and/or hybrid vehicles

All vehicles are handed over to you with a full tank of fuel. Two options can then be offered to you:

FULL TANK OPTION WITH REFUND

- (1) You can purchase a full tank of fuel in advance when you pick up your vehicle. The price of the full tank of fuel depends on the category of vehicle you are driving.
- (2) If you return the vehicle with a full tank of fuel (EMOBG may request proof of refueling), EMOBG will reimburse you the amount you paid for the full tank of fuel when you rented the vehicle.
- (3) If you do not return the vehicle with a full tank of fuel, EMOBG will not reimburse you for the unused fuel.

REFUELING CONTROL FULL / FULL

- (4) We rent you a vehicle with a full tank of fuel
- (5) You return the vehicle with a full tank

- (6) You pay neither for the refueling service nor for fuel under the following conditions:

(1) You have driven less than 100 km during your rental period and can provide proof of refueling:

The basis for the distance driven is the difference in mileage between renting and returning the vehicle. Due to the manufacturer, the fuel gauge rarely changes after 100 km have been driven. Therefore, you will be required to provide a valid fuel receipt proving that the vehicle was refueled before return during the rental period with the amount of fuel that the vehicle consumes on average per 100 km in proportion to the distance driven during your rental period. In addition to the fuel price, you pay a refueling fee for each liter of fuel refilled. The applicable price per liter including the refueling fee is available at the EMOBG stations. The renter is permitted to prove that no or lower costs were incurred for refueling.

Please ask the staff at the EMOBG station for additional information on the average consumption of the vehicle model you have rented.

(2) You have driven more than 100 km during your rental period and the fuel gauge shows a full tank:

The basis for the distance driven is the difference in mileage between renting and returning the vehicle. The tank is considered full when the fuel gauge shows the maximum level (8/8). The tank is not considered full if the fuel gauge is lower than the maximum level. The 1/8 method is used as the basis for calculation. Here, the tank capacity of the vehicle driven is divided into 1/8 and the resulting missing fuel quantity is converted into liters and shown on the invoice. If the fuel gauge is between two 1/8 values, the missing eighths are calculated according to the next gradation.

e.g. If the vehicle is returned with a tank level of 5/8, 2/8 of the tank will be charged.

The employee at our station can provide you with information about the fuel price per liter including the refueling fee when you return the vehicle.

b) Electric and/or plug-in hybrid vehicles (as far as the battery is concerned)

If you rent an electric or hybrid vehicle, the vehicle will be handed over to you when you collect it from the station with a battery that has a charge level of at least . You are obliged to return the vehicle with a minimum charge level of 15%. The minimum charge level of must not be fallen short of at any time during the entire rental period, as temperatures can cause the battery to discharge, especially overnight.

19) Deposit payment regulations

A deposit must be paid when collecting the vehicle. If you pay by credit card, the corresponding amount will be authorized. If you pay by Girocard (Maestro and VPay Card), the deposit amount will be debited from your bank account. If you have paid your rental in advance, the same credit card must be used for the deposit amount as for the rental payment.

The deposit serves as security for additional rental costs.

If you have made a prepayment for your rental, the deposit amount at Europcar is EUR 300.00 (or the equivalent in your local currency). If you have not made an advance payment at the time of reservation, the rental price will also be blocked on your credit card. In this case, the amount blocked on your credit card will be the rental price plus EUR 300.00.

For rentals in Germany, the deposit amount will be reduced to EUR 100.00 (or the equivalent in your local currency) when purchasing a fully comprehensive cover that reduces the excess for accidental damage to EUR 0.00.

A separate deposit of EUR 100.00 is payable for the use of the charging trailer, which is handed over to you when you hire an electric vehicle.

For the rental of particularly high-quality luxury or sports cars, a deposit of EUR 2,500.00 is required.

In any case, you will find the specific deposit amount on your confirmation email that we send you when you make your reservation for the rental. For prepaid reservations, please note that additional products and services that you book at the counter will be included in the deposit. The deposit will be refunded to you within 30 days of the end of the rental, provided that no additional costs or damages have been incurred. If you have paid the deposit by Girocard, we will refund the deposit by bank transfer.

You can find further information on the security deposit in our security deposit policy, which is available at the following link:
<https://www.europcar.de/allgemeine-bedingungen/kautionsrichtlinie>

20) Regulations for payment with a foreign credit card

If you are a tenant whose place of residence is abroad according to the data we have and you have a VISA or MasterCard credit card with a base currency other than euros, you can benefit from currency conversion into the card's base currency if you pay your rent with this card. The EMOBG representative who offers you this payment option will enter your choice into the system so that the rental agreement shows the currency option you have chosen. In this case, EMOBG will make the currency conversion based on the daily exchange rate provided by SIX Payment

Services, including an exchange fee of 3. already included in this exchange rate.

If you change your mind, you can make a corresponding declaration when you return the vehicle to our station. You will then receive your final invoice in euros.

If EMOBG is unable to provide this service for technical reasons or if a currency conversion into the base currency is excluded in accordance with the credit card terms and conditions, the conversion will be made on the basis of your bank's terms and conditions.

21) Protection of personal data

If you rent a vehicle, EMOBG is obliged to collect and process the personal data of you and the drivers entered in the rental agreement in order to:

- a) Manage your booking, your rental contract and your payment,
- b) manage and update a list of risk customers,
- c) To provide you with information about similar services that we believe may be of interest to you, in accordance with applicable law. You can unsubscribe from this service at any time. Please contact our customer service via your customer account, which you can find at under "Managing communication preferences" or via the unsubscribe link in the email you received and, where applicable, to
- d) Manage your loyalty program,
- e) to process tickets for traffic violations committed with the rental vehicle during the rental period
- f) manage the geolocation of the rental vehicle, if the vehicle is equipped with such a device.

EMOBG stores your personal data for as long as necessary to fulfill the above-mentioned purposes, supplemented by the purposes stated in our privacy policy.

Recipients of the personal data collected are companies and agencies of EMOBG, their franchisees and partners as well as the competent authorities and third parties who have a justified claim against you, in particular in the event of traffic offenses and possession offences committed during the rental period. The recipients of your personal data may be located inside or outside the European Union. In the event of a transfer of data to a recipient located in a country whose legislation does not provide an adequate level of protection of personal data within the meaning of the data protection provisions, EMOBG will agree appropriate safeguards within the meaning of these provisions.

You have the right to access, rectify and erase the data we hold about you, the right to be forgotten, the right to object to the processing of your data, the right to portability and

the right to control the fate of your personal data after your death. You can exercise these rights as follows:

- g) by simple letter to the following address:
EMobG Services Germany GmbH,
z. For the attention of the Data Protection Officer,
Anckelmannsplatz 1, 20537 Hamburg
- h) or by e-mail to the following address:
nachfrage@europcar.com

You also have the right to lodge a complaint with the competent data protection authority.

We invite you to contact us before lodging a complaint with the data protection authority.

Further information on how EMOBG your personal data can be found in our privacy policy, which is available at the following link: <https://www.europcar.de/datenschutzrichtlinie>. You can also ask about this at the rental station.

22) Vehicles with a positioning system and data in navigation and cell phone systems (GPS)

All EMOBG vehicles, cars and trucks, are equipped with technology that enables EMOBG to determine the position of the vehicle.

You agree that EMOBG may collect, store or use GPS coordinates and speed information or give the order to do so if you do not return the vehicle within the agreed rental period, use the vehicle outside the contractually agreed area in accordance with section 3), as well as in areas close to the border or in port areas. The collection, storage and use of the data serves the sole purpose of protecting our vehicle fleet and the contractual rights of EMOBG. We would like to point out that EMOBG may be obliged to disclose this data due to orders from government agencies.

The vehicles in the EMOBG fleet are largely equipped with information and communication systems such as navigation devices and cell phone systems as standard. By offering these information and communication systems, EMOBG does not pursue the purpose of collecting personal data from renters and drivers. As the renter or driver, you are obliged to reset the vehicle's information and communication system to factory settings before returning the vehicle at the end of the rental period, thereby deleting all personal data collected from the navigation devices and cell phone systems. Each vehicle in the EMOBG fleet contains a user manual with instructions on how to reset the information and communication systems to the factory settings.

23) Liability of the tenant in the event of damage

In the event of accidental damage, loss, theft or improper operation of the vehicle or breach of contractual obligations in accordance with Sections 2, 3, 5 and 14 of these Terms and Conditions, the Hirer shall be liable for the resulting repair costs, and in the event of a total loss for the

replacement value of the vehicle less the residual value, unless the Hirer is not responsible for the occurrence of the damage.

In addition, the renter is also liable for any consequential damage incurred, in particular reduction in value, towing costs, expert fees and flat-rate administrative costs. The renter shall not be liable if neither he nor the driver is responsible for the damage.

If an exemption from liability is agreed against payment of an additional fee, EMOBG shall indemnify the Lessee in accordance with the principles of fully comprehensive insurance based on the applicable model conditions of the AKB (General Conditions for Motor Vehicle Insurance) with the following excess plus a flat-rate cost for damage per claim to the rental vehicle. The Lessee shall be permitted to prove that EMOBG has not incurred any damage or that the damage incurred is significantly lower than the lump sum. The exemption from liability covers damage caused by an accident, i.e. by a sudden external event with mechanical force; operational damage and pure breakage are not accidental damage. The exemption from liability therefore does not cover damage caused by a gearshift error or incorrect refueling or by the load. The excess for damage depends on the vehicle category.

The excess per claim depends on the vehicle category:

Vehicle category	Deductible
Mini, Economy, Compact, Compact Elite	€ 1.050
Intermediate, Intermediate Elite	€ 1.150
Standard, Fullsize	€ 1.200
Van	€ 1.300
Premium	€ 1.600
Luxury (including Luxury Vans)	€ 1.850
Special	€ 2.000
Trucks up to group 2	€ 1.150
Truck group 3 and 4	€ 1.300
Truck group 5	€ 1.500
Truck group 6 and 7	€ 1.700

A list of the deductibles applicable to the respective vehicle is available at the place where the contract is concluded. These excesses only apply if no individual agreement to the contrary has been made.

The exemption from liability does not release the Hirer from the contractual obligations pursuant to Sections 2, 3, 5 and 14 of these Terms and Conditions. The Hirer shall be fully liable in the event of wilful breach of the contractual obligations, in particular for damage caused by use by an

unauthorized driver or by use of the vehicle for prohibited purposes. If the Hirer has deliberately committed a hit-and-run accident or breached his obligations under clause 14, he shall also be fully liable, unless the breach has no influence on the determination of the claim. In the event of a grossly negligent breach of a contractual obligation, the renter shall be fully liable if he intentionally causes the damage. If he causes the damage through gross negligence, he shall be liable in proportion to the severity of his fault.

If partial casco cover is taken out, the Hirer shall be liable in particular for damage caused by glass and furred game, fire and natural hazards as well as marten damage with the excess specified in Section 23 per claim plus a lump sum for costs, unless an individual agreement to the contrary has been made. With regard to the lump sum, the Hirer is expressly permitted to prove that no damage was incurred at all or that the damage was significantly lower than the lump sum.

In all other respects, statutory liability shall apply.

24) Statute of limitations

If the accident was recorded by the police, EMobG's claims for damages against the Lessee shall only become due once EMobG has had the opportunity to inspect the investigation file. The limitation period begins no later than six months after the vehicle is returned. In the event of inspection of the file, EMobG will notify the renter of the time of inspection.

25) Liability of EMobG

Any liability of EMobG for breach of its contractual obligations is limited to intent and gross negligence, including intent and gross negligence on the part of its representatives and vicarious agents. EMobG is liable in accordance with the statutory provisions in the event of a breach of a material contractual obligation (cardinal obligation). In this case, liability is limited to compensation for foreseeable damage typical of the contract. Liability for culpable injury to life, limb or health remains unaffected; this also applies to mandatory liability under the Product Liability Act.

26) Special conditions for renting vehicles via the EUROPCAR Van Sharing app

a) Registration, rental, rental period

- (1) After successful completion of the registration process in the EUROPCAR Van Sharing app and activation, the lessee can use the EUROPCAR Van Sharing app to open a provided and available EMobG vehicle. All information provided by the lessee (registration address, e-mail address, mobile phone number, driving license data, payment details) during the registration process must be truthful. The lessee must correct any subsequent changes to the data the next time the EUROPCAR Van Sharing app is used without being

asked to do so. In the event of culpable breaches of these obligations by the hirer, the hirer shall be prohibited from using the EUROPCAR Van Sharing app to open a vehicle. The Lessee shall be liable in particular for damage, consequential damage or costs incurred due to outdated or incorrect data. Furthermore, EMobG shall be entitled to terminate the rental agreement without notice if the rental is made using incorrect or outdated data.

- (2) Once the registration process has been successfully completed, the renter will be sent a personal code (PIN) by text message to the mobile device used for registration. The tenant must keep this code safe and protected from access or knowledge by third parties. The code may not be passed on to third parties (including family and household members). This code enables vehicles to be opened via the EUROPCAR Van Sharing app. Written records of the code must not be kept in the immediate vicinity of the access data and must not be stored unsecured on the mobile device. If the Lessee culpably breaches this obligation, it shall be liable to EMobG for any damage caused by misuse of the code.
- (3) The Lessee acknowledges and agrees, in accordance with the consent given during registration, that the location of the mobile device will be recorded each time the EUROPCAR Van Sharing App is used. This location data will be deleted by EUROPCAR no later than 45 days after the vehicle is returned, unless the lessee has not made any payments due before the deadline or new damage to the vehicle can be attributed to the lessee for which a claim is pending. However, the location data shall be deleted no later than 30 days after the lessor no longer has any claims against the lessee arising from the rental relationship.
- (4) When the vehicle is opened using the EUROPCAR Van Sharing app, an individual rental agreement is concluded between the Lessee and EMobG and the chargeable rental period begins. The rental ends on the day and at the time of return (final locking) to the Lessor, unless a different time for the end of the rental has been agreed in these Terms and Conditions. The uninterrupted rental period of one and the same vehicle is limited to a maximum of 28 days. If the Hirer continues to use the vehicle after the maximum rental period has expired, the rental relationship shall not be deemed to have been extended. § Section 545 BGB does not apply in this case.

b) Rental price, kilometers and compensation for use

- (1) The prices of the tariff overview currently valid at the time of rental shall apply, which are displayed to the renter before each rental via the EUROPCAR Van Sharing app for the vehicle of his choice. The rental price is made up of a basic rental price (time price and kilometer flat rate) as well as the costs for

any additional kilometers and the fees for selected additional products. The rental price is calculated on the basis of full hours and any additional kilometers. Each rental day begins at 0:00 and ends at 23:59. The minimum rental period is 1 (one) hour. Refunds for returns before the end of the last full hour are excluded.

- (2) The rental price is always due at the beginning of the respective rental period. Any compensation for use to be paid is due daily in arrears.

c) Terms of payment and security deposit

- (1) Payment for the rental can only be made using a valid credit card via SEPA direct debit, prepayment or PayPal. Notwithstanding No. 2a), other payment methods are not permitted.
- (2) A security deposit must be paid upon conclusion of the rental agreement. The deposit amount is EUR 150.00. In the case of credit card payment, the deposit shall be paid exclusively by means of an authorized debit entry to a credit card accepted by the Rental Firm and issued to the Hirer. Instead of charging the customer's credit card, the lessor may have an amount blocked in his favor from the credit line granted the customer by his credit card company for his credit card as part of a so-called merchant request.

The rental deposit will be refunded or the blocking lifted after a reasonable period of time has elapsed and insofar as it has been established that there are no claims for which the rental deposit is liable.

d) Vehicle inspection by the renter, damage report

- (1) Before the first journey and at the end of the rental (final locking), the Lessee is obliged to photograph the vehicle from all sides, including at least from four different angles (wide-angle landscape format: front left, front right, rear left, rear right; recognizability of the license plate), and to transmit these photos to the Lessor using the function provided in the EUROPCAR Van Sharing app. EMOBG reserves the right to request these photos from the renter separately at a later date. It is recommended to keep the photos for at least 30 days after the end of the rental.

In addition, the Hirer must check the exterior and interior of the vehicle using the digital damage report before the first journey and compare it with the actual condition of the vehicle and report any undocumented damage via the EUROPCAR Van Sharing app, enclosing two photographs (close-up and long-distance). The operational safety of the vehicle (e.g. tire tread depth, air pressure, mirror functions) must also be checked before driving off. EMOBG must be informed immediately via service@ubq.app or +49 3031198666 of any

circumstances that indicate that the vehicle is unsafe to use.

- (2) During - but at the latest before the end of the rental (final locking) - the Lessee must report any damage that has occurred during the rental period at its own initiative via the EUROPCAR Van Sharing app. Otherwise, No. 14 of these terms and conditions shall apply without restriction.

e) Refueling

- (1) The vehicle must be refueled at a partner filling station at the expense of the rental company. The current partner filling stations can be viewed in the EUROPCAR Van Sharing app. The refueling process at partner filling stations is carried out using the fuel card in the vehicle. If the renter refuels at third-party petrol stations, a reimbursement is generally limited to the amount of the flat rate per kilometer paid for the respective rental and must be requested within 24 hours after the refueling process via e-mail (service@ubq.app) or LiveChat (www.service.ubq.app/de/) with proof of the fuel receipt. A flat-rate fee shall be charged for each refund process in accordance with Appendix 2. The Lessee shall be permitted to prove that EMOBG has incurred no damage or significantly less damage than the flat-rate fee.
- (2) At the end of the rental (final locking), the vehicle must still have a fuel level of at least as indicated by the on-board computer. If the Hirer returns a vehicle that does not display the aforementioned tank level, the Hirer shall bear the additional costs for bringing the vehicle for refueling or recharging at a flat rate specified in the currently valid tariff and fee overview, unless the Hirer can prove that these costs were not incurred or were not incurred in the amount specified.

f) Return (parking at the end of the rental period)

- (1) A vehicle can only be parked at the end of the rental period in the zone in which the vehicle was opened. The zone can be viewed in the EUROPCAR Van Sharing app. Within the zone, the vehicle can be parked either in a free parking space not marked by a stopping or parking ban on public roads or in specially marked and designated parking spaces. The vehicle may only be parked in areas with a day or time-related restriction on parking authorization if this restriction takes effect at the earliest 48 hours after the vehicle is parked. If the vehicle is not in this zone at the time of parking, the renter will be informed accordingly in the EUROPCAR Van Sharing app.
- (2) Before returning the vehicle, the renter must deposit the vehicle keys in the glove compartment and insert the fuel card in the corresponding receptacle. If the

rental cannot be terminated via the EUROPCAR Van Sharing app, the renter must call the support team on +49 3031198666 and coordinate the next steps.

27) Use of charging pendants for electric vehicles

When renting an e-vehicle, EMOBG will provide you with a charging pendant or a charging card from our partner Shell Recharge (hereinafter referred to as "**charging fob**").

a) Use of the loading pendant

The charging pendant enables the use of public charging points in the Shell Recharge network (over 700,000 charging points in Europe) without prior registration.

You are free to use other public or private charging stations at your own expense using your own charging trailer. In this case, you enter into your own contract with the operator of the charging point without EMOBG's involvement.

You may only use the charging fob to charge the rental vehicle to whose key the charging fob is attached. There is a charge of EUR 50.00 per charging process for charging a third-party vehicle.

When using charging points, you must follow the instructions posted there. In particular, make sure that the cable is positioned in such a way that it does not pose a tripping hazard. When using a public charging point, you must drive the vehicle away at the end of the charging time, but usually after four hours at the latest. EMOBG will charge you for any fines incurred, including the flat-rate processing fee in accordance with Appendix 2. If you cause damage, e.g. to the charging station, during charging, you must compensate EMOBG for such damage, plus a lump-sum expense allowance in accordance with Appendix 2. EMOBG is entitled to pass on your personal information to the charging point operator if this is necessary to investigate the incident.

When parking the vehicle for charging, please note that in addition to the charging fees, separate parking fees may apply when entering a parking garage or charging station in accordance with the respective parking regulations of the operator.

b) Fees and terms of payment when using a loading trailer

When you collect the vehicle, you will pay a separate deposit for the use of the charging fob in accordance with clause 19.

Charging processes that you carry out using the charging fob in the Shell Recharge network or, if the vehicle is a Tesla, via a Tesla Supercharger, EMOBG will bill you directly. Payment at the charging station itself is not required in this case. The operator of the charging point transmits the data required for billing to EMOBG. EMOBG will charge you for the electricity used and a service fee of EUR 1.00 per charging process. In addition, there may be a transaction fee charged by the

operator of the charging point in accordance with the conditions displayed at the charging point. If you have a credit card on file, the invoice amount can be debited from your credit card as part of the pre-authorized amount.

c) Loss or damage

You must not remove the charging fobs from the vehicle key ring. If you lose or damage the charging fob during your rental, you are obliged to inform EMOBG immediately. In the event of loss of the charging fob, you must pay an amount of EUR 50.00 to EMOBG upon return of the vehicle.

28) Settlement of rental disputes

a) Applicable law

In the event of disputes between you and EMOBG in connection with your rental in Germany, German law shall apply.

b) Customer service

For customer support, please contact the EMOBG country organization through which you made your booking. This may be a different country organization than the one that carries out the rental or the one in your country of residence.

For bookings made via EMOBG, you can contact customer service as follows (for other countries, you will find the contact details on the respective websites):

EMOBG Services Germany GmbH
Anckelmannsplatz 1
20537 Hamburg
Phone: 040 52018-8000
Internet: www.europcar.de

c) Messages

All notifications in connection with your rental must be sent to the addresses stated in the rental agreement. The parties recognize these addresses as binding for the receipt of notifications.

d) Mediation

The European Commission has set up a platform for out-of-court online dispute resolution for consumer disputes at <http://ec.europa.eu/consumers/odr/>. EMOBG will not participate in a dispute resolution procedure before a consumer arbitration board and is not obliged to do so.

e) Place of jurisdiction for vehicle rentals made on a commercial basis

If both parties are merchants or the party to be sued has no general place of jurisdiction in Germany, the exclusive place of jurisdiction for all disputes shall be Hamburg-Mitte.

f) Order of precedence of the contract documents

The binding documents agreed between you and EMobG apply in the following order of priority:

- (1) the rental contract with the agreed conditions (the document signed by you at the time of picking up the vehicle or on the day of rental).
- (2) the booking confirmation by e-mail (if you have booked the vehicle online in advance).
- (3) the EMobG provisions on insurance cover.
- (4) the price list for additional services and costs (Annex 2).
- (5) these current conditions.

29) Applicable code of conduct for car rental companies

EMobG is committed to the Code of Conduct for Car Rental Companies published by Leaseurope. You can find out more at the following Internet address: www.leaseurope.org. The German version of the Code of Conduct can be found at

30) Who is the owner of the vehicles rented out by EMobG?

The companies Securitifleet SAS, SecuritiFleet GmbH, Securitifleet SL and Securitifleet S.p.A own part of the vehicle fleet leased by EMobG to its customers in accordance with these terms and conditions. These companies have pledged their vehicles in favor of, among others, Crédit Agricole Corporate and Investment Bank and its successors and assigns. For the purpose of these pledges, EMobG Services Germany GmbH is deemed to be a third party owner in accordance with Article 2337 of the French Civil Code.

If the companies Securitifleet SAS, SecuritiFleet GmbH, Securitifleet SL or Securitifleet S.p.A are named as owners of the rental vehicles in the registration documents (of which you have received a copy in each case), any vehicle return by you must be made to EMobG Services Germany GmbH in its capacity as third party owner or, if the relevant requirement is met, to any other company that replaces EMobG Services Germany GmbH in its capacity as third party owner. Under no circumstances may the vehicle be returned to Securitifleet SAS, SecuritiFleet GmbH, Securitifleet SL and Securitifleet S.p.A.

If you require further information, please contact the legal department of EMobG Services Germany GmbH at Anckelmannsplatz 1, 20537 Hamburg.

ANNEX 1 : CONDITIONS FOR USING THE EMOBG EMERGENCY MANAGEMENT SERVICE S

For the duration of the rental agreement concluded with EMobG and provided that none of the following reasons for exclusion apply, you are entitled to the benefits of our emergency management service within the Federal Republic of Germany in the event of an accident or

breakdown at no additional cost, regardless of whether the rental vehicle is a passenger car or a commercial vehicle. This service may vary if the vehicle is used abroad in the event of an accident or breakdown.

The services include in particular

- a) Technical support for the EMobG rental vehicle.
- b) In the event of a breakdown, if the vehicle cannot be repaired on site, organization of a towing service and transport of the vehicle to the nearest specialist workshop,
- c) Arrangement and payment of the cost of towing a vehicle that has been involved in an accident or has broken down and cannot be repaired on site,
- d) Procurement of a replacement vehicle within a radius of 100 km if the vehicle cannot be repaired on site. To carry out this vehicle exchange, a vehicle of the same category will first be sought. No guarantee can be given that the replacement vehicle will belong to the same vehicle category. If the rental vehicle is an electric vehicle, the emergency management will endeavor to replace it with a vehicle of the same type, but cannot guarantee this.
- e) Transportation of the beneficiaries to the rental station where the replacement vehicle is provided (cab costs up to EUR 150)
- f) If no replacement vehicle can be provided:
 - either a hotel room with breakfast for one night (excluding restaurant costs), up to EUR 85.00 (including VAT) per beneficiary.
 - or transportation by cab, train or plane (if no other means of transport can be used) to the place of residence or destination in Germany or to the place of departure from Germany for non-residents, up to EUR 200.00 (including VAT) per beneficiary. If this is not possible, a hotel room with breakfast for one night (excluding restaurant costs) will be paid up to EUR 85.00 (including VAT) per beneficiary.

g) Exclusions

No free emergency management service is provided in the following cases:

Breakdowns caused by the customer or due to the use of incorrect fuel, breakage or loss of the key/starter card of the rental vehicle. If an electric rental vehicle breaks down due to a flat battery, this is deemed to be a breakdown caused by the customer if the discharge is not due to a defect in the battery. A faster discharge due to temperature does not constitute a defect in the battery. In such cases, the emergency services will be invoiced at a flat rate as

specified in the price overview of additional services and costs (Annex 2):

If you have booked our Assistance and Personal Protection (APP), you are exempt from paying the flat rate, subject to compliance with the statutory provisions and our General Rental Terms and Conditions. The prerequisite is that you book our Assistance and Personal Protection (APP) at a fixed price per rental day, see Appendix 2.

The APP product offers you the following advantages when you take out a policy:

- (1) Additional protection for vehicle occupants, your luggage and your property in the event of an accident or theft in accordance with the conditions in the General Rental Terms and Conditions and the General Insurance and Protection Conditions under PAI - Personal Accident Protection.
- (2) No processing fee charged in the event of damage or accident.
- (3) Free 24-hour breakdown and assistance service in the event of damage and breakdowns, even if the vehicle is at fault (e.g. due to incorrect refueling, breakage or loss of the vehicle key or flat tire).

In the event of a vehicle breakdown in one of the authorized areas, you benefit from the pick-up and return services listed below:

- In the event of a breakdown, if the vehicle cannot be repaired on site, the emergency management service organizes and pays for the towing service to the nearest specialist garage.
- Organization and payment of the costs for the recovery of a vehicle that has been involved in an accident or has broken down and cannot be repaired immediately,
- Search for a replacement vehicle within a radius of 100 km if the vehicle cannot be repaired immediately. To carry out this vehicle exchange, a vehicle of the same category will be sought as a priority. No guarantee can be given that the replacement vehicle will belong to the same vehicle category. The same applies to certain vehicle equipment. If the rented vehicle is an electric vehicle, the emergency management service will endeavor to replace it with a vehicle of the same type, but cannot guarantee this.
- Transportation of the beneficiary to the rental station where the replacement vehicle is made available (cab costs up to 150 euros).

If no replacement vehicle can be provided:

- The customer waits on site for the repair and benefits from a hotel room for one night (excluding catering costs), up to a maximum of eighty-five euros including

tax (EUR 85.00) per beneficiary.

- The customer will be taken either to his place of residence or to the rental station. Transportation by cab, train or plane (if only this means of transportation can be used) to the place of residence or destination in Germany or to the point of departure from Germany for non-residents up to a maximum amount of EUR 400.00 (including taxes) per beneficiary. If this is not possible, the customer will be offered the opportunity to spend one night in a hotel room (excluding accommodation costs) up to a maximum of eighty-five euros (EUR 85.00) per beneficiary, including taxes.

The cases listed below are excluded from free roadside assistance and will be invoiced:

- Breakdown assistance for commercial vehicles rented in Germany and driven abroad.
- All incidents or damage resulting from participation in car tests, other motor sport events, rallies or any type of competition.
- Modifications to commercial vehicles abroad.
- Measures on rural roads and paths that are impassable or measures following a road blockage.
- The seizure of the vehicle by the police or confiscation etc. of the vehicle, the cause of which is attributable to the renter.
- The ship crossing incurs costs that EMobG would have to pay for the return of the rental vehicle.
- Customs duties that EMobG would have to pay to ensure the return of the rental vehicle.

Repair costs incurred by the customer independently of the assistance provided will not be reimbursed.

ANNEX 2 - PRICE OVERVIEW OF ADDITIONAL SERVICES AND COSTS
