

BOSS™

BSS

986P PRESS-FIT LEVER

BALL VALVES

A range of WRAS approved lever ball valves, manufactured in DZR brass and available in sizes from 15mm to 54mm.

The innovative two-piece design of the valve body minimises the possibility of leaks.

The BOSS™ 986P is the ideal isolation valve for use on copper, carbon and stainless steel press-fit systems. It can be used in domestic, commercial and healthcare premises on hot and cold water services.

Red and blue lever versions are available in all sizes.

FEATURES & BENEFITS

- > WRAS approved
- > Innovative two-piece valve body
- > Available in sizes from 15mm to 54mm
- > Designed for use with hot or cold water (red and blue lever options available)
- > Working temperature: -15°C to +120°C
