

WARRIOR END FEED FITTINGS

Description

Warrior End Feed fittings are manufactured to BS EN1254-2 and are WRAS approved. Supplied in sizes from 15mm diameter to 54mm diameter and available in the form of Couplers, Elbows, Tees, Stop Ends, Tap Connectors, etc. End Feed fittings are manufactured from high quality Copper and are suitable for all water applications.

End Feed fittings are designed to be a lightweight and reliable way to join Copper pipes together. (Used in conjunction with the correct Solder).

Technical Data

Size range: 15mm to 54mm diameter
 Pressure: Max Pressure 25 bar
 Approvals: BS EN1254-2 and WRAS
 Materials: Copper

Other Information

Warrior End Feed Fittings are fitted using capillary action. Using heat and solder in conjunction with fitting will create a strong waterproof joint between the fitting and Copper tube. Warrior End Feed fittings offer a quick, high quality cost effective solution.

A full range of Warrior Plumbing Fittings and Consumables are available from your local BSS branch. These include Compression Fittings, Solder Ring Fittings, Yellow Metal Brassware, TRV's TMV's AAV's and a large range of Lever Ball Valves. All are high quality fittings and are WRAS approved. Warrior Compression is available in pack quantities only.
