

BOSS™**BSS**

968S BALL VALVES

The BOSS™ 968S ball valve is a cost effective and versatile way of isolating the flow in a system.

Available in a wide range of sizes from 15mm up to 54mm compression ended, it is the valve of choice for many installations - a low cost alternative to a fully bronzed gate valve.

Available with red, blue or yellow lever.

FEATURES & BENEFITS

- > **Suitable for a range of mediums: domestic water, heating, gas, air and oil**
- > **15mm - 54mm compression ended**
