

WARRIOR COMPRESSION FITTINGS

Description

Warrior Compression fittings are manufactured to BS EN1254-2 and are WRAS approved. Supplied in sizes from 15mm diameter to 28mm diameter and available in the form of Couplers, Elbows, Tees, Stop Ends, Reducing Sets, etc. Compression fittings are manufactured from high quality brass and are supplied with body of fitting nut and olive.

Compression fittings are designed to mechanically create a joint between the fitting and the pipe. When tightening the nut, you are compressing the olive onto the tube, creating a permanent seal.
