

## 966S BALL VALVES

*The BOSS™ 966S ball valve is a cost effective and versatile way of isolating the flow in a system.*

*Available in a wide range of sizes from 8mm up to 50mm with screwed BSPT female ends, it is the valve of choice for many installations - a low cost alternative to a fully bronzed gate valve.*

*Available with red, blue or yellow lever. Extended spindle options also available.*

## FEATURES & BENEFITS
