

Juan Fernando Posada

President - Latin America

Juan Fernando is responsible for P&G’s business in Latin America, home to more than 500 million consumers, with on-the-ground operations in 11 countries, 17 manufacturing plants and 12,000+ employees. He leads a team of country and category leaders focused on serving the Latin American consumer with superior brands and products, and works closely with retail partners to grow categories in which we participate—ensuring our brands are present everywhere consumers shop.

Juan Fernando joined P&G in 1989 as a financial analyst for our Laundry and Hair Care businesses in Colombia. He has experience across P&G’s broad portfolio of brands and has held a variety of positions in the LA region, including Venezuela, Chile and Panamá, and in the United States. He was appointed president of P&G Latin America, in September 2015. Prior to that, he held the position of vice president of P&G’s pacific cluster (Colombia, Chile, Peru), and brand building function, Latin America.

Juan Fernando is passionate about developing talent at P&G and about the company’s citizenship efforts, especially community impact and gender equality programs, such as P&G’s Children’s Safe Drinking Water and Born Learning—both designed to improve children’s development; and launching recently a fellowship program with young women with Vital Voices.
