TALKTALK BUSINESS CRITERIA FOR MEASURING CALL CHARGES

- + Calls are measured in per second units depending on Customer's tariff and individual call charges are calculated to 0.0001 pence. Charges are presented on the Customer's VAT invoice in two decimal places and are rounded to the nearest whole penny before VAT is applied. All call charges are pence per minute, correct as at 25 September 2021, exclude VAT and are rounded up to the nearest penny (1p).
- + Calls are charged based on 1 minute rounding. The total duration of the call is rounded up to the next full minute for billing purposes.
- + TalkTalk Business will bill Customer Recurring Charges a month in advance on a pro rata basis. This means that on the Connection date the Customer will be charged 2 month's line rental on the 1st invoice. When the Contract expires the Customer will receive a month's line rental as a credit. The pro rata period can be from 1 month and 1 day long to 2 months in length.
- + Bank Holidays are charged at the standard weekday rates.
- + The following charging periods will be applicable if the relevant charge is not applicable to a flat rate:-
 - + Daytime: Mon-Fri - 8am-6pm,
 - + Evening: Mon-Fri before 8am and after 6pm,
 - + Weekend: 12 midnight Friday to 12 midnight Sunday
- + Time and duration of calls is as recorded on the TalkTalk Business Equipment.

CALL BUNDLING

- + There can be delays between calls completing and being presented on an invoice caused by a number of technical reasons. This can cause problems when a Customer is charged on the basis of a bundle of calls. Whilst every effort will be made to overcome this situation, calls can appear on an invoice not in call start time order and hence may not necessarily be included in the appropriate bundle if calls are made towards the end of a bundle period.

PAYING YOUR BILL

- + Payment will be by Direct Debit only. If a Direct Debit is dishonoured or cancelled, we shall charge a £4.50 monthly administration charge until your Direct Debit payment is reinstated. There is a £4.50 monthly surcharge for not paying by Direct Debit.
- + E-bill Free (£4.00 per month for a paper bill sent by Royal Mail)
- + Copy of bill £1.50 per bill
- + Payments or credits (if applicable) posted to Customers' account 72 hours prior to the invoice date, will not show on that invoice but will show on the following invoice.

ANCILLARY CHARGES

- + Ancillary Charges (also known as timescale charges) are raised to cover time spent repairing faults where this work is not covered under the terms of the Contract. They apply where Customer requests work to be carried out on Site involving the provision or rearrangement of equipment, wiring, network or services (including work on PSTN and Private Networks) and standard Charges are not available.
- + Additional charges may be applicable on the day the works are carried out, such as, but not exclusively, on-site connection charges. These too are also the responsibility of Customers.
- + An abortive engineering visit charge of £100 + VAT may apply where the engineer is unable to carry out work at, or gain access to the End User's site premises and where TalkTalk Business Direct Ltd pre-agreed an appointment Date and time slot with the customer.

CANCELLATION CHARGES

- + If Customer terminates the Contract within the Contract Term without cause, Customer will be responsible for paying the following Cancellation Charges.

Contract Term	Cancellation Charges
12 months	£125
18 months	First 6 months: £300 Final 12 months: £125
24 months	First 12 months: £300 Final 12 months: £125

- + There will be a charge of £60 if the Customer does not return their router within 30 days of TalkTalk Business requesting the return, following the final cease date, at the end of the Contract

MOBILE CALLS

- + Please refer to the Mobile Price List.

GENERAL

- + All Builders and Business Broadband Bundles are subject additional terms and conditions (please refer to <https://www.talktalkbusiness.co.uk/legal/general-terms-and-conditions/>)

+ Application is subject to status, availability and acceptance by TalkTalk Business.

¹ Timescale charges will not apply if Customer cancels the appointment before the engineer has arrived at the premises. Once the engineer has arrived at the premises, the Timescale call out charge only will apply if work is cancelled or postponed by the Customer, or if the appointment is not kept by the Customer. Additional charges may be applicable on the day the works are carried out; these too are also the responsibility of the Customer.
