Product Assessment – Bridges and Other Structures

Dear Sander

Following your application of 16 June 2021, please find below the outcome the assessment of your products.

Product Category: Post tensioning system - bars
Specification: MRTS73 (July 2019)

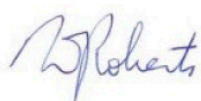

Product Name	Range	Result of Assessment
Threadbar Systems	36mm – 47mm Grade 1050, Line 1	Registered
Threadbar Systems	57mm – 75mm Grade 1035, Line 2	Not Registered

Products (57mm – 75mm Grade 1035, Line 2) not registered due to non-compliance with specification requirements, as indicated by ACRS certificate.

Registered products will be added to the *Product Index for Bridges and Other Structures* for the next publication.

If you have any queries about the above please simply give us a call.

Yours sincerely
