Item No. 46964

This mighty supplement is sustainably sourced from seawater with a variety of trace minerals and formulated with melon juice concentrate, which reduces oxidative stress and increases magnesium efficiency in the body.*

Though it may seem like a mild-mannered supplement, what makes magnesium so magnificent is how it's involved in over 300 functions of the body. Super Magnesium supplement gets the job done with better distribution, higher available levels of magnesium, and fewer capsules. Its formula includes one of the most bioavailable types of magnesium, as well as a patented melon juice concentrate that reduces oxidative stress and helps distribute the magnesium to areas with increased metabolic needs.

From a.m. to p.m., Super Magnesium supplement supports healthy energy levels, a calm nervous system, and a restful night's sleep as you begin to wind down. If you are on the lookout for one supplement that does it all, make it Super Magnesium.
