

# ORANGE ESSENTIAL OIL SOURCING UPDATE

## FAQ

### **Q. How has the Orange essential oil changed?**

A. The only difference is the origin. The new Costa Rica-sourced essential oil is of high quality and fulfills our Seed to Seal® quality commitment. Changes in origin can create slight variations in the characteristics of the oil. This Orange essential oil has a slightly sweeter aroma.

### **Q. Can Orange essential oil be ingested?**

A. While our standard Orange essential oil is labeled only for topical and aromatic use, Orange Vitality™ oil can be ingested according to labeling instructions.

### **Q. How long can Orange oil be diffused?**

A. Diffuse up to 1 hour 3 times daily.

### **Q. Does Orange oil need to be diluted before topical application?**

A. Dilute 1 drop with 1 drop of V-6™ blend or olive oil and apply to desired area as needed.

### **Q. Is this source of Orange oil used in any other Young Living products?**

A. This source of Orange oil is not currently used in other products containing Orange oil; however, as we use up our inventory, we'll add it to future blends.

### **Q. What part of the plant is used to obtain the oil?**

A. Our Orange oil is cold pressed from the rind of sweet oranges.

### **Q. Will Orange Vitality™ oil also be sourced from Costa Rica?**

A. Yes, both our single oil and our Orange Vitality oil will be sourced from Costa Rica.
