RC Essential Oil 15 ml: R.C.[™] Essential Oil is a powerful blend of Spruce, Cypress, and three types of Eucalyptus oils, making it a natural fit for cooler weather wellness. Its fresh, energising aroma will help you stay motivated—perfect for active days or seasonal transitions. Diffuse during the day or apply with a carrier oil to the chest for aromatic support on the go.

Breathe Again Roll On 10 ml: When seasonal changes arrive, Breathe Again[™] Roll-On offers plant-powered support in a convenient, ready-to-use blend. Featuring crisp, cooling aromas, it's designed to help you feel refreshed and supported throughout the day. Apply to the chest or neck when spending time outdoors or whenever you want a quick, nature-inspired boost.

Cedarwood Essential Oil 15 ml: Warm, grounding, and woody, Cedarwood essential oil captures the comforting essence of nature as autumn approaches. Its calming aroma helps create a cosy, settled atmosphere, perfect for winding down in the evenings. Diffuse before bed or apply (diluted) to the back of the neck to support relaxation and restful moments.

Tea Tree Essential Oil 15 ml: Tea Tree essential oil is a powerful plant-based staple known for its cleansing and purifying properties—ideal for seasonal wellness routines. Its fresh, herbaceous aroma supports a clean environment and makes it a go-to as cooler months encourage more time indoors. Add a few drops to DIY cleaning sprays or diffuse to refresh your space. A change in weather can also affect your skin, so keeping Tea Tree on hand to support healthy looking skin is a must!

Cinnamint Lip Balm: As the air cools, lips can be the first to feel it. Cinnamint[™] Lip Balm blends naturally derived ingredients with a refreshing hint of cinnamon and peppermint to help keep lips soft, hydrated, and protected. Slip it into your bag for on-the-go moisture, especially when crisp days and changing weather call for a little extra care.

Life 9: Wellness starts from within, and Life 9[™] is a combination of nine beneficial bacteria strains, delivered in a capsule that allows cultures to bypass the stomach, to maintain intestinal beneficial flora, support intestinal health and support healthy immune system function in adults and children.

Eucalyptus Globulus Essential Oil 15 ml: Eucalyptus Globulus offers a fresh, invigorating aroma inspired by the great outdoors—perfect for when you feel like you need a breath of fresh air and a refreshed mindset as temperatures begin to drop. Its crisp scent helps create an atmosphere that feels clean, open, and revitalising. Diffuse during your morning routine to awaken the senses or add a drop to a steamy shower for a spa-like reset.
