Q. What are the primary features and benefits of Red Cedar Bliss?

A. The primary features and benefits of Red Cedar Bliss are as follows:

- Has a warm, woody, spicy-citrus aroma.
- Delivers a punch of powerful antioxidant properties.*
- May support overall wellness and healthy immune function.*
- Creates a cozy, grounded atmosphere when diffused.
- Transports your senses to a tranquil cabin in a beautiful country setting.

Q. What does this blend smell like?

A. Red Cedar Bliss blend has a warm, spicy aroma with a hint of citrus and herbaceous notes.

Q. What products are complementary to this blend?

A. Red Cedar Bliss blend pairs well with Aroma Life™, Longevity™, PanAway®, Thieves®, and Valor® essential oil blends, as well as Cistus, Cypress, Geranium, Lemon, Nutmeg, Hyssop, and Sacred Frankincense essential oils.

Q. Is this a permanent product in the Young Living product line?

A. Yes, this blend is intended to be a permanent addition to our essential oil blend product line.

Q. What is the difference between this dietary blend and a Vitality™ oil?

A. Vitality is the brand name we gave to our oils labeled for dietary use. Red Cedar Bliss essential oil blend is still labeled as a dietary product but simply does not have the Vitality brand name. The dietary classification of this blend gives you the freedom to enjoy all the benefits it has to offer whether you pop it in your diffuser, mix it with a massage oil, or take it in a veggie capsule with a carrier oil.

Q. Are there any cautions associated with Red Cedar Bliss?

A. The following cautions are associated with Red Cedar Bliss:

- Keep out of reach of children.
- Keep away from eyes.
- If you are taking medication or have a medical condition, consult a health professional prior to use.
- Not intended for use during pregnancy or nursing or for infants.
