

# Whole Body Cleanse™ powder FAQ

## **Q. What makes Whole Body Cleanse better than other products on the market?**

A. Whole Body Cleanse goes beyond basic cleansing supplements. It combines antioxidant-rich soluble and insoluble fibers, such as baobab fruit powder and a polyphenol fiber mix from apples, carrots, blueberries, cranberries, and spinach. It also features prickly pear (*Opuntia ficus indica*) juice powder, which helps reduce fluid retention and serves as an antioxidant. Green tea kombucha powder provides polyphenols and catechins that promote lipid metabolism. With this powerhouse mix of antioxidants and polyphenols, Whole Body Cleanse supports gut health, regularity, and natural toxin elimination—while being gentle enough for daily use.\*

## **Q. Is this replacing a current or retired product? Why was the product reformulated?**

A. Whole Body Cleanse is a reformulation of our JuvaPower™ supplement. It features a broader range of fiber sources and the latest, most effective ingredients for daily detox and healthy bowel movements. It also helps reduce water retention while preserving essential minerals.\*

## **Q. Can children use Whole Body Cleanse?**

A. Whole Body Cleanse should not be given to children under the age of 4. For ages 5–12, we suggest consulting a health care professional to ensure your children's individual dietary and health needs are met.

## **Q. How often should Whole Body Cleanse be consumed?**

A. Take 1 scoop daily, mixed into 8 ounces (240 ml) of water or juice.

## **Q. When is the best time of day to take Whole Body Cleanse?**

A. Anytime! Take it whenever it fits best in your routine.

## **Q. Should Whole Body Cleanse be taken with or without food?**

A. You can take it with or without food. Individual sensitivities may vary, so try both and see what works best for you.

## **Q. Is a scoop included with Whole Body Cleanse? What size is the scoop?**

A. Yes, each container includes an 11cc PP (polypropylene) scoop that holds approximately 5 grams of powder.

## **Q. What kinds of liquids can I use with this product?**

A. Mix it with water or your favorite juice. For enhanced wellness support, try combining it with our NingXia Red® superfruit drink or pair it with Daily Prebiotic Fiber™ powder for more intense cleansing support.\*

## **Q. How many servings are there per package/container?**

A. Each container has approximately 30 servings. One serving equals 1 scoop (5 grams).

## **Q. Is this product vegetarian and/or vegan-friendly?**

A. Yes, Whole Body Cleanse is both vegetarian and vegan-friendly.

## **Q. Does this product include ingredients containing gluten?**

A. No gluten-containing ingredients are used in our Whole Body Cleanse formula. This product may be manufactured in a facility that uses gluten in other product formulations; however, according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between products to prevent contamination. Please speak to your health care provider if you have additional concerns before using this product.

## **Q. Are corn-derived ingredients used in the formula?**

A. Organic, non-GMO corn is used in the production of pineapple juice powder, an ingredient in Whole Body Cleanse. Please speak to your health care provider if you have additional concerns before using this product.

**Q. Are soy-derived ingredients used in the formula?**

- A. No soy-derived ingredients are used in the formulation of Whole Body Cleanse. This product may be manufactured in a facility that uses soy in other product formulations; however, according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between products to prevent contamination. Please speak to your health care provider if you have additional concerns before using this product.

**Q. Are ingredients derived from palm/coconut used in the formula?**

- A. No coconut or palm-derived ingredients are used in the Whole Body Cleanse formula. This product may be manufactured in a facility that uses palm or coconut in other product formulations; however, according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between products to prevent contamination. Please speak to your health care provider if you have additional concerns before using this product.

**Q. Are ingredients derived from tree nuts used in the formulation?**

- A. No tree nut-derived ingredients are used in the Whole Body Cleanse formula. This product may be manufactured in a facility that uses tree nuts in other product formulations; however, according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between products to prevent contamination. Please speak to your health care provider if you have additional concerns before using this product.

**Q. Are ingredients derived from sesame used in the formulation?**

- A. No sesame-derived ingredients are used in the Whole Body Cleanse formula. This product may be manufactured in a facility that uses sesame in other product formulations; however, according to CGMPs (current good manufacturing practices), the machinery is cleansed and sanitized between products to prevent contamination. Please speak to your health care provider if you have additional concerns before using this product.

**Q. Are companion products available?**

- A. Yes, Whole Body Cleanse pairs well with our LiverTone™ supplement, JuvaFlex™ Vitality™ essential oil blend, JuvaCleanse™ Vitality™ essential oil blend, NingXia Red® drink, and Daily Prebiotic Fiber supplement.

**Q. Are essential oils used in this product?**

- A. Ginger (*Zingiber officinale*) root essential oil, Anise (*Pimpinella anisum*) seed oil, and Fennel (*Foeniculum vulgare*) seed oil are all used in Whole Body Cleanse.

**Q. How do the essential oils enhance the Whole Body Cleanse product?**

- A. The essential oils were added because of their benefits in supporting cleansing, liver health, or intestinal health.\*
