In what year did you join Young Living?

The end of October 2014.

How did you find out about Young Living & who introduced you to Young Living?

I was looking for ways to support my daughter. At the time, I attended a workshop that taught how to support children with special educational needs (SEN) through diet. During the workshop, one of the mothers introduced a bottle of Frankincense to me.

What was your occupation before joining Young Living?

Senior Marketing Manager at an eyecare centre.

What makes Young Living unique?

Young Living's unique aspects are its aromatherapy wisdom and the global business platform that allows for physical, mental and spiritual wellness.

How has your life changed since you joined Young Living?

Joining Young Living gave me the opportunity to go from being an office worker to a mum with more freedom to make her own choices. I now have more time to pursue my own interests, take care of my children's growth, and use essential oils to support physical and emotional wellness of more women and children.

What is your favourite Young Living product? Why? Explain what the benefits are to you.

My favourite product is R.C. Essential Oil. I especially love using it during the colder months for its refreshing experience. It also creates a calming aroma whenever the environment feels a bit stuffy.

Were you skeptical about essential oils and the Young Living opportunity before?

No. That's why I'm super excited to share with others how essential oils have helped me - and then I realised that this is also a win-win opportunity. By using good products myself and recommending them to friends, my friends get help and even come back to thank me. At the same time, I can turn this opportunity into a business.

MEMBER SUCCESS STORY

ROYAL CROWN DIAMOND

At what point did you decide to focus on Young Living full time?

In my 3rd month with Young Living, I became a Gold Leader after putting in time, skill and effort in building my business, and already felt confident going full-time. I was able to earn an income through Young Living, work from anywhere, and spend more time with my family.

Why would you recommend others join Young Living?

I would recommend Young Living for the opportunity to transform one's lifestyle, experience personal growth, achieve wellness, happiness and impact others' lives positively. It's a wonderful place to empower women.
