

go with your GUT

NEW!

Your Gut is Your 2nd Brain!

The gut makes up **70%** our immune system. It is physically connected to your brain through millions of nerves and it impacts your physical, mental and emotional health.

Why Take Probiotics?

The number of good bacteria in your body decreases depending on age, food intake and active lifestyle. These little workers maintain a balanced intestinal flora to promote a healthy digestive system and overall immunity.

What Makes Essential Probiotics Plus Unique

This gutsy sidekick contains 5 billion synergistic prebiotic + probiotic cultures along with vitamins, minerals and wolfberry with dual-coated technology to ensure healthy digestion, bowel regularity and improved immunity.

Synbiotic Formula

Contains 5 billion Colony Forming Unit (CFU) with 6 strains of active prebiotics + probiotics

Fortified Ingredients

Contains vitamins B1, B2, B6, C, Biotin, Zinc and wolfberry

Patented Dual-Coated Technology

Protects the cultures to ensure survival from the stomach's acidic environment until it reaches the intestinal tract

Cutting Edge Testing

Undergoes a state-of-the-art microbial strain testing using genetic technique.

Synthetic Free

No synthetic ingredients, dyes, flavor nor fragrances.

Convenient

Lightly flavored powder that's easy to digest and easy to carry

GET TO KNOW WHAT'S INSIDE

VITAMINS B1, B2, B6, C, BIOTIN AND ZINC

WOLFBERRY

SYNBIOTIC 6 STRAINS

STRAINS FOR SMALL INTESTINE

LACTOBACILLUS RHAMNOSUS
Resistant to bile acid. Maintains balance of microorganisms during active infection.

LACTOBACILLUS ACIDOPHILUS
Anti-oxidant and anti-inflammatory.

STREPTOCOCCUS THERMOPHILUS
Used for cheeses and yogurt. Breaks down food and improves nutrient absorption.

STRAINS FOR LARGE INTESTINE

BIFIDOBACTERIUM LACTIS
Reduces infections and promotes infant growth.

BIFIDOBACTERIUM LONGUM
Reduces diarrhea, constipation, and IBS.

BIFIDOBACTERIUM BIFIDUM
Reduces infection of pathological bacteria, restores intestinal bacteria populations.

How to take

- Take one sachet once daily, at least 30 minutes before a meal
- Most effective when taken on an empty stomach (first thing in the morning, or before going to bed)
