

# Vanilla oleoresin

Vanilla has a luxuriously rich, slightly sweet aroma that enhances the experience of virtually any other essential oil when applied topically or enjoyed aromatically.

**Product Size:** 5 ml  
**Item No.:** 32741

Blissfully, irresistibly creamy and sweet, Young Living® Vanilla oleoresin wraps your senses in a warm, cozy embrace. Lovingly crafted from hand-pollinated vanilla orchids, this Vanilla isn't your typical extract or absolute that contain mostly alcohol and don't play well with essential oils. It's born from a first-of-its-kind extraction method, giving you a Vanilla oleoresin in fractionated coconut oil that diffuses and blends beautifully. To enjoy its soothingly sweet aroma and moisturizing power, add it to your bath products or dilute and massage it onto dry skin.

## FEATURES & BENEFITS

- Has a warm, rich, slightly sweet aroma
- Can be diffused or diluted and applied topically for a comforting aromatic experience
