

Essential Probiotics Plus

Product Size: 30 single-serving sachets
Item No: 41395

Keep your gut happy with Essential Probiotics Plus. Each serving features over 5 billion colony-forming units (CFUs) of probiotics—little workers that help suppress harmful bacteria and promote a healthy digestive system. To protect these helpers from stomach acid, each serving also includes dual-coated technology so they can help populate the entire digestive tract. These probiotics are delivered in a lightly flavored powder that contains no synthetic flavors or colors and are formulated with wolfberry, biotin, and vitamins B1, B2, B6, and C. Add Essential Probiotics Plus to your everyday wellness plan and treat your hardworking gut to some well-deserved TLC.

TOP 3 REASONS

1. You're looking to support healthy digestion.
2. You want to support your gut's functionality.
3. You occasionally experience bowel discomfort.

Improve your digestive and immune health with Essential Probiotics Plus, a synergistic supplement that provides 5 billion probiotic cultures, with both prebiotics and probiotics. This gutsy sidekick comes with dual-coated technology that protects these cultures from the stomach's acidic environment, helping them survive so they can benefit the entire length of the intestinal tract.

BENEFITS AND FEATURES

- Contains over 5 billion CFU probiotics
- Features dual-coated technology for protection until the probiotics reach the end of the intestinal tract
- Helps the body maintain a balance of good bacteria
- Promotes a balanced intestinal flora and regularity

SUGGESTED USES

For best results, consume 1 sachet daily with water. Be sure to pair with a high-fiber diet.

Essential Probiotics Plus
