by YOUNG LIVING™

PRODUCTS *and* HOW-TO GUIDE

MAY YOUR DAY BE AS *flawless* AS YOUR MAKEUP!

A savvy woman should never have to compromise quality for beauty. That's why Savvy Minerals by Young Living™ is formulated to include only the highest quality, premium ingredients.

Savvy Minerals by Young Living™ cosmetics are pigmented with naturally derived minerals that meet Young Living's superior ingredient standards and provide

*gorgeous,
concentrated colours.*

Our mineral powders are

*free from
bismuth and talc,*

which are inexpensive, low-quality and potentially skin-damaging fillers used by other mineral makeup brands.

Savvy Minerals by Young Living™ makeup line uses mineral-based powders that are made of a finely ground mica base, resulting in a

*smooth, flawless
application.*

Like all of our products, Savvy Minerals by Young Living™ was created with

*quality, purity
and safety*

as the ultimate goal.

TIPS *and* TRICKS

Don't be intimidated by professional techniques!
Put your boldest face forward with a few tips and tricks
to help you create the perfect contour.

1

Apply foundation as you normally would to create an even base.

2

Using the Blush Brush, lightly apply bronzer along your cheekbones from the middle of the cheek to the upper ear.

3

Apply bronzer along your hairline, focusing on the temples and along your jawline to add shape and dimension. Add definition to your nose by contouring along the sides and tip.

4

Create contrast with foundation in one shade lighter than your regular colour. Apply to the centre of your forehead, the undereye areas, the tops of your cheekbones, cupid's bow and down the centre of your nose and chin.

5

Using a clean brush and 2 pumps of Misting Spray, gently blend in your bronzer to eliminate any harsh or unnatural lines.

6

Finish the look with a light dusting of blush for a natural flush.
