

SOURCING STANDARD

The Young Living Essential Oils Sourcing Standard helps ensure a high level of quality and authenticity of essential oils while encouraging responsible practices of production and processing at all stages in the supply chain.

Young Living works with SCS Global Services, a leader in the environmental and sustainability certification, auditing, testing and standards development, to develop the Young Living Essential Oils Sourcing Standard.

SUPPLY CHAIN

The Young Living Essential Oils Sourcing Standard applies to all stages of the Young Living essential oil supply chain, including farms, wildcrafting operations, processing facilities (e.g. distilleries) as well as Young Living-owned facilities. It applies to Young Living corporate-owned farms, partner farms, and Seed to Seal-certified suppliers.
