Relevant Building Code clauses:

AS4145.2

NZS 4520 :2010

M5 Series has been successfully tested on fire door assemblies in accordance with AS1905 Part1: Fire resistance door sets.

Compatibility for use with varying fire door cores should be checked with dormakaba.

Statement on how the building product is expected to contribute to compliance:

The M5 Series is supplied as standard with the Australian style dormakaba MS2602 Series mortice lock providing the reassurance in knowing that by exceeding the highest levels of Australian standard for both mechanical security and durability (AS4145.2) the M5 Series is truly the best solution for any digital locking solution.

In Bluetooth mode, the dormakaba Smart lock app allows the administrator to generate a pin code for a visitor/short term stay guest according to specific time periods. These can then be shared via multiple methods of media, such as email or text messages.
