

CELEBRATE FORCES AND MOTION!

Explore, experiment, celebrate

OVERVIEW

Let the Science Museum make your event a science celebration with some of our favorite hands-on activity stations. These experiments allow **kids and adults to work together** to explore, experiment, and have fun!

Our base science celebration event includes hands-on stations for up to **150 children and adults, for 90 minutes**. (We can also double the event size for up to 300 people, for more exploration fun!)

PRICING

Group size: 10-150

Event time: 90 min

Price: \$600

The length or the capacity of the event can be increased for an additional cost.

FREE PRE-K ADD-ON!

While most of our stations are appropriate for K-5 audiences, you can also add on a special general science area for your youngest learners at no additional cost, thanks to our partners at PNC!

RECOMMENDED STATIONS

These stations are what we'd recommend for an average Celebrate Forces and Motion event. We're happy to discuss other available stations to best meet the needs of your theme, space, or attendees!

Frog Flingers

Can you catapult your frog to all three lily pads?

[Serves 25-50 participants, grades K-5](#)

[Engineering, forces and motion, math](#)

Wind Tubes

Let your creativity take flight in one of our portable wind tubes!

[Serves 25-50 participants, grades K-5](#)

[Engineering, forces and motion, math](#)

Stomp Rockets

Build a rocket from paper and launch it using the power of air in a stomp launcher!

[Serves 25-50 participants, grades K-5](#)

[Engineering, forces and motion, math](#)

Tops

Spin up a great time when you experiment with the physics of tops!

[Serves 5-10 participants, grades K-5](#)

[Forces and motion](#)

Magnet Magic

Try a magnet maze, make magnets float, and use a magnet magic wand!

[Serves 10-20 participants, grades K-5](#)

[Forces and motion, magnetism](#)

Spinners

Experience physics concepts as you watch the mesmerizing spinners whirl!

[Serves 10-20 participants, grades K-5](#)
