

2025 CALL FOR ABSTRACTS

ST. CROIX RIVER RESEARCH RENDEZVOUS

*St. Croix Watershed Research Station | Science Museum of Minnesota
Wild Rivers Conservancy of the St. Croix and Namekagon*

 **October 21, 2025**  **The Acreage at Osceola, Osceola WI**

Now inviting abstract submissions for oral or poster presentation at the 2025 Research Rendezvous. Submitted abstracts can span such topics as ecology, habitat, water quality, climate resiliency, resource management, and related research within or affecting the St. Croix River watershed.

Abstract submission requirements:

- Presentation title, author(s), and institution affiliation(s)
- Narrative should not exceed 400 words.
- Indicate your preference for an oral or poster presentation.
- PDF format

Email your completed abstract or questions to researchstation@smm.org

◆ SUBMISSION DEADLINE: SEPTEMBER 15, 2025 ◆

A dedicated poster session will be held during the day-long conference. Posters size should not exceed 48" x 36". Easels and posterboard will be provided.
