

# Shaving Cream Marbling

Summer

T

Toddler  
1.5 - 2.5 years

This fun craft will allow for some sensory play while seeing the different designs the coloring makes in the shaving cream. Children will be in awe with the results!

## Learning Outcomes

### Domain:

Physical

### Skills:

Sensory Motor  
Integration

### Indicator:

Swirling stick around to create marbling.

Holding stick and squeezing the bottle.

## Materials

- -Cardstock
- Shaving cream
- Food coloring
- Skewer sticks (cut off sharp end for safety) or large straws
- Large bin or cookie sheet

## Instructions

**Step 1:** sing a large, shallow bin or top to a bin, squeeze a generous amount of shaving cream onto surface.

**Step 2:** Have toddler choose color and squeeze food coloring in small drops around the shaving cream.

**Step 3:** Guide child's hand using skewer to swirl the colors around the shaving cream.

**Step 4:** Take cardstock and place on top of shaving cream area and gently press down.

**Step 5:** Gently lift up card stock to reveal the marbling masterpiece! Allow to dry before displaying.

## Playful Questions

- What happens when I mix colors?
- Why do the colors mix like that in shaving cream?
- What is my favorite color?
- How many colors can I name?
- What colors do I want to explore?
