

RECRUITING FOR ORIENTEED SPAIN

Technical Team Leader (Full remote)

Technical Team Leader (Full Remote)

DESCRIPTION

We are experts in e-commerce who work at an international level and guide brands towards their digital transformation, incorporating innovative technologies of leading platforms in the market.

We are looking for a Technical Team Leader to join our team and play a key role in technical e-commerce development projects.

MAIN TASKS:

- Participate in the initiation and planning of the assigned projects and ensure technical feasibility.
- Participate in reviews and meetings and provide updates on project progress.
- Compilation of information and analysis of the projects to be developed.
- Identify improvements and establish tasks, deadlines, budgets and priorities.
- Build and develop relationships with clients.
- Provide effective feedback to the team.
- Help the team to develop technical tasks when necessary.
- Carry out technical analysis of the project.
- Analyzing existing operations and participate in the organization of training and meetings to discuss improvements.
- Define, evaluate and solve problems and plan effective solutions.
- Resolution of incidences, requests and queries.
- Development of technical documentation.
- Adherence to quality and organization control standards of Orienteed and our clients.

Technical Team Leader (Full Remote)

MAIN REQUIREMENTS

- ★ At least 5 years of experience in J2EE development.
- ★ At least 2 years of experience in the implementation of headless web architectures with React as the front-end
- ★ Solid technical background, with practical experience in software development, web technologies and preferably E-commerce.
- ★ Excellent communication and organization skills.
- ★ Experience with the Scrum framework and agile environment.
- ★ Demonstrable statistical, analytical and problem solving skills.
- ★ Knowledge of project planning techniques and automated project planning tools.
- ★ A desire to remain technically capable and an expert in current technologies.

Technical Team Leader (Full Remote)
