Larry,
Hopefully you got the vehicle history information I provided to Larry Smith.
The first or second owner (from Ohio) changed the transmission. I talked to him on the phone shortly after I bought the car. He no longer had the original.

bob, i got your e-mail from an e-mail that came w/ a car that i now have ... the 63 that larry smith had ... i was trying to track down a 3 speed transmission and was wondering if you knew where in the ownership the 3 speed was changed and what may have happened to it ?

thanks
