**CONFIRMATION OF ABSENCE  
OF JUDGING AWARDS**

Dear Sir or Madam,

Subject to the General Conditions listed on the reverse side, the National Corvette Restorers Society has searched and found no completed information in its judging results relating to 1962 Corvette with Vehicle Identification Number 20867S112787. As a result, NCRS is unable to confirm the grant any NCRS award of any type to this car.

In furtherance of the above information, NCRS does have a record of judging registration for its Regional Meet in Gettysburg, PA, in May 2010, where the subject car was withdrawn from judging. NCRS records indicate that the subject car was displayed with a fuel-injected engine and had fuel injection badges on the body of the car; however, NCRS Judges determined that the subject car was not originally equipped with a fuel-injected engine. If the subject car was presented to NCRS for Flight Judging today, and if it was in the same configuration as when presented for judging in May 2010, the subject car would be branded Counterfeit under current NCRS rules.

The uncompleted May 2010 judging is the only NCRS judging record for the subject car.

Any statements contrary to the above should be viewed with skepticism and thoroughly reviewed with the party making such statements.

Sincerely,

N.C.R.S., Inc.

  
David W. Brigham  
National Judging Chairman
