

The Nine Passenger  
LaSabre Custom Limousine  
by Armbruster/Stageway.

The Six Door LaSabre Limousine, engineered by Buick and Armbruster/Stageway - the newest and most exciting entry in the Armbruster/Stageway family of fine Limousines. The modestly priced Nine Passenger LaSabre Limousine by Armbruster/Stageway includes as standard equipment; automatic level control, power windows and door locks, front and rear air conditioning, front and rear heat and a host of other comfort and luxury options.

Its timeless design makes the LaSabre a Limousine of classic beauty, a limousine to be owned and operated with confidence for years to come.

As the world's oldest and largest Custom Limousine Manufacturer, Armbruster/Stageway continues to be the only Limousine manufacturer to offer the comfort and convenience of a six door-nine passenger limousine.
