

# TESLA MOTORS

## 2008 Tesla Roadster

VEHICLE IDENTIFICATION NUMBER: 5YJRE11B781000151

DELIVERED TO:  
**Tesla Motors, Inc.**  
**San Carlos, CA, USA**  
TRANSPORTATION ME  
**Air**  
PORT OF ENTRY:  
**San Francisco, CA, USA**  
PORT OF ASSEMBLY:  
**San Carlos, CA, USA**

*This vehicle was custom m*  
*George Foreman*

### STANDARD EQUIPMENT AT NO EXTRA COST

#### Technical Features

- 3 phase, 4 pole AC induction electric motor
- 253 horsepower (185Kw)
- Regenerative braking
- Single-speed transmission
- Microprocessor-controlled lithium ion battery pack
- Bonded extruded aluminum chassis
- Carbon fiber body

#### Safety Features

- Four-sensor, four-channel Anti-lock Braking Systems (ABS)
- Traction control
- Tire pressure monitoring system
- Front and rear crumple zones
- Driver and passenger front airbags
- Rigid occupant safety cell
- Side impact door beams
- Seatbelt pretensioners
- Integrated head restraints
- Vehicle theft-deterrent and immobilizer system
- PIN for security in operating the vehicle
- Valet mode to restrict speed, acceleration, and distance

#### Standard Exterior Features

- Double-insulated soft top
- Proprietary halogen low- and high-beam headlamp assemblies
- LED tail lights
- Forged unidirectional seven-spoke wheels in silver finish: 16" front, 17" rear
- Locking wheel lugs
- Tire inflator/sealant
- Cold weather ESS heater for cold weather charging down to -20° Celsius
- Home-based charging system with integral safety features for full re-charge in about 3.5 hours.

#### Standard Interior Features

- Heated sport seats with inflatable lumbar support
- Three-spoke leather-wrapped sport steering wheel
- Smooth leather-trimmed interior in beige, light gray, dark gray or black
- Blaupunkt stereo sound system with single-disc CD player, iPod interface, and MP3 playback
- Cruise Control
- Homelink universal transmitter to operate compatible garage, gate, and home lighting/home security systems
- Power windows and locks

**MANUFACTURER'S  
SUGGESTED RETAIL  
PRICE**

**\$100,000**

#### MSRP Includes:

Integrated Navigation System  
Carbon Fiber Hardtop  
Bluetooth Mobile Phone Integration  
SIRUS Satellite Radio  
Premium Sound System  
Custom Floor Mats  
Mobile Connector

**Total Vehicle & Options  
\$100,000**

Destination and Delivery  
\$1,950.00

**TOTAL COST  
\$101,950**

License and title fees, state and local taxes, and dealer options and accessories are included in the manufacturer's suggested retail price.

EPA ESTIMATED ENERGY CONSUMPTION INFORMATION  
ELECTRIC VEHICLES

CITY

**32**

kW-hr/100 miles

Expected energy consumption for most drivers  
26 to 38 kW-Hr / 100 miles

HWY

**33**

kW-hr/100 miles

Expected energy consumption for most drivers  
27 to 39 kW-Hr / 100 miles

Actual consumption and range may vary depending on how you drive and maintain your vehicle.

ESTIMATED ANNUAL ELECTRICITY COST: \$482 at 10 cents per kW-hr  
\$963 at 20 cents per kW-hr

This estimate is based on a vehicle's energy consumption when driving 15,000 miles per year. (For comparison, the estimated annual fuel cost would be \$1,500 for a gasoline vehicle averaging 28 mpg at \$2.80 per gallon.)

## Instructions for transporters

TR0134

The only approved method of transporting your vehicle is using a flatbed trailer or transporter. Towing the vehicle improperly may cause serious damage that is not covered by the New Vehicle Limited Warranty.

**Caution:** Serious damage to the vehicle and transmission can occur if the vehicle is towed with the wheels on the ground or on a suspended lift.

**Caution:** The transmission lock will only retract when the vehicle is in Tow Mode or when the electrical systems are functional and the starter switch is in the ON position.

Before pulling the vehicle onto a flatbed trailer or transporter, follow these steps:

- activate Tow Mode
- attach the vehicle recovery eye

### Activating Tow Mode

Tow Mode disengages the transmission lock so the vehicle can roll freely. It also lubricates the transmission as the vehicle is pulled.

**Note:** In the unlikely situation in which electrical systems are not functioning and therefore Tow Mode can not be activated, wheeled dollies or skid pads must be used.

1. Turn OFF the vehicle and apply the hand brake. The Touch Screen displays the main Parked screen.

2. Touch to display the first settings screen.

3. Touch to display the third settings screen.

## Instructions for transporters

4. Touch **Tow Mode**, then touch **OK** to confirm. The Touch Screen displays the following message indicating that the vehicle is in Tow Mode.

5. Release the hand brake, if appropriate.

**Note:** Although Tow Mode is activated, the steering column lock will be engaged. To disengage the steering column, turn the key to the ACC position. If it is difficult to turn the key, move the steering wheel slightly.

**Caution:** The car can roll freely when Tow Mode is active. If the vehicle is not on a flat surface, do not release the handbrake until the vehicle is ready to be pulled.

**Note:** The vehicle can not be charged while in Tow Mode.

### Attaching the recovery eye

A vehicle recovery eye can be attached to the front of the vehicle to allow the vehicle to be pulled onto a transporter in situations when the vehicle can roll freely.

**Caution:** NEVER tow the vehicle using the vehicle recovery eye. Doing so can cause serious, even fatal injury to other motorists and can also cause significant damage to your vehicle.

TR0135

1. Retrieve the recovery eye from the tool kit located in the trunk.
2. Using the screwdriver (also supplied in the toolkit), remove the plug from the recovery eye mounting point behind the front grill.
3. Insert the recovery eye through the hole in the front grill and screw into the mounting point. Ensure the recovery eye is fully tightened.
4. After use, remove the recovery eye and return it to the tool kit. Insert the plug back into the mounting point to prevent dirt from entering.

### Securing the wheels

When the vehicle has been pulled onto the transporter or trailer, use chocks and tie down straps to secure the wheels. To avoid damage:

- Ensure that metal parts on the tie down straps will not contact the vehicle's painted surfaces or the face of any wheels.
- Do not place straps over or through the vehicle's body panels.

**Caution:** Attaching straps to the chassis, suspension or other parts of the body can damage the vehicle.

## 24 Hour Roadside Assistance

### Commitment to Service

Tesla Motors is committed to providing customers with the best level of service possible. To minimize any unforeseen inconvenience, Roadside Assistance is available to you, 24 hours a day, 365 days a year, throughout the continental United States.

### When does coverage start & end?

Roadside Assistance benefits are provided for all Tesla vehicles from the date the vehicle is delivered to the first retail purchaser, put into use, leased, or registered as a company car or demonstrator, whichever is earlier. Coverage extends through the bumper-to-bumper portion of the New Vehicle Limited Warranty Period of 36 months, or 36,000 miles, whichever occurs first.

### Who is covered?

Tesla vehicle with the authorization of the owner. These services are transferable with the resale of the vehicle for the time remaining on the original Tesla New Vehicle Limited Warranty coverage period, provided Tesla Motors has been notified of the change of ownership (either in-person at a Tesla Store or by mailing the Change of Ownership form provided in the Owners Manual).

### What is covered?

Services include emergency services such as flat tire assistance and vehicle recovery services. For all vehicles that experience a flat tire, your vehicle is transported, free of charge, to the nearest Tesla Store or to a

local tire center, provided it is located within 25 miles of the breakdown incident. If appropriate, you can also choose to have the Roadside Assistance representative assist with your vehicle's tire sealant kit and provide tire inflation to allow you to drive the vehicle to the tire center.

All vehicles experiencing a malfunction, collision, or flat tire are eligible for towing services. Towing services are provided free-of-charge to the nearest Tesla Store, or to your home, if the Tesla Store or your home is located within 25 miles of the incident. Malfunctions assessed as abuse or negligence, as described in the New Vehicle Limited Warranty, will not be covered.

The vehicle must always be transported using a flatbed trailer. It is your responsibility to provide vehicle transporters with the instructions printed in this booklet.

### How do I use Roadside Assistance?

Simply call 866-99TESLA (866-998-3752) and advise the representative of the vehicle identification number (VIN), license plate number, mileage, your location, and the nature of the problem. The VIN is on the upper dashboard on the driver's side of your vehicle and is visible through the windshield. You may be required to sign a receipt to acknowledge that Roadside Assistance services have been provided.

For your convenience, a wallet card is provided in your owners package.

### What is not covered?

Any charges for the replacement of non-warranty items or additional services will be your responsibility at the time of service. Roadside Assistance is not a warranty and is not provided under any Tesla warranty, but is a service provided to you to minimize unforeseen vehicle operation inconvenience. Potential liability is expressly limited to the cost of the listed benefits and does not extend to incidental or consequential damages such as loss of use inconvenience, loss of pay, or commercial loss. Roadside Assistance benefits exclude any costs related to repairs, parts replacement, labor, etc., which are incurred as a result of accident/collision, vehicle abuse, racing, vandalism or other items not covered by the New Vehicle Limited Warranty. Also excluded are services for snow tires, mounting or demounting of snow chains, and any fines, fees or taxes which are associated with impound towing as a result of actual or alleged violation of any laws or regulations.

## New Vehicle Limited Warranty

Any implied warranty of merchantability or fitness for a particular purpose applicable to this vehicle is limited to the duration of this New Vehicle Limited Warranty. Performance of repairs and needed adjustments is the exclusive remedy under this warranty or any implied warranty. Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply.

### State Law applicable

These warranties give you specific legal rights under state law. You may also have other rights that vary from state to state. The applicable state law of this warranty is the state where the vehicle is delivered to the purchaser, regardless of where the purchase was executed.

### What is not covered

#### General exclusions

The New Vehicle Limited Warranty does not cover damage caused by:

- Accidents, collision or objects striking the vehicle
- Damage caused by any automated or manually-operated car wash or by using a pressure washer
- Towing the vehicle instead of transporting the vehicle on a flat bed
- Theft, vandalism, or riot
- Fire, explosion or flood

- Using contaminated or improper fluids or lubricants
- Applying or accidentally spilling chemicals or sealants
- Driving through water deep enough to cause water to be ingested into the vehicle or any of its components
- Misuse of the vehicle, such as driving over curbs, overloading, or using the vehicle as a stationary power source
- Overuse of the vehicle and the Battery caused by activities such as off-road driving, competition, racing, and autocross
- Lack of or improper maintenance as specified in the Owners Manual and the Maintenance Log
- Airborne chemicals, tree sap, road debris (including stone chips), industry fallout, rail dust, salt, hail, floods, wind storms, lightning and other environmental conditions
- Repairs performed during the warranty period by facilities other than a Tesla Store or a facility specifically authorized in advance by Tesla Motors to perform a repair

#### Damage caused by use and/or the environment

The New Vehicle Limited Warranty does not cover surface rust, deterioration and damage of paint, trim, upholstery, and other appearance items that result from use and/or exposure to the elements.

You, as the owner, are responsible for damaged caused by, but not limited to, the following:

- Dings and dents
- Cuts, burns, punctures or tears
- Road salt
- Tree sap, bird and bee droppings
- Windstorm, lightning, hail
- Earthquake
- Freezing, water or flood
- Stone chips, scratches whether on paint or glass
- Windshield stress cracks
- Outside influences
- Failure to maintain a proper charge at all times in the Battery
- Damaged caused by car washes and pressure washers

#### Damage caused by alteration or modification

The New Vehicle Limited Warranty does not cover any damage caused by:

- Alterations or modifications of the vehicle, including the body, chassis, or components, after the vehicle leaves the control of Tesla Motors
- Tampering with the vehicle, tampering with the Battery or other parts that affect this system, including installation of non-Tesla Motors accessories
- The installation or use of any replacement part not approved by Tesla Motors, or the installation or use of any part for "off-road"

## New Vehicle Limited Warranty

use only<sup>1</sup> installed after the vehicle leaves the control of Tesla Motors, if the installed part fails or causes a Tesla part to fail. Examples include, but are not limited to: lift kits, oversized tires, roll bars, mobile phones, alarm systems, and performance enhancing power train components and performance "chips".

- Use of any non-Tesla Motors approved parts, non-Tesla Motors approved accessories and materials, or the cutting, welding, or disconnecting of the vehicle's original equipment parts and components, suspension and drivetrain modifications, axle additions, and use of wheels that are incorrectly sized or offset.

### Maintenance/Wear and Tear

You are responsible for ensuring that your vehicle is properly maintained according to the instructions in the Owners Manual. Damage or failures caused by lack of correct maintenance are not covered under the warranty.

Failure of, or damage to, components requiring replacement or repair due to vehicle use, wear, exposure or lack of maintenance is not covered.

### Tires

Vehicle tires are not covered by this New Limited Vehicle Warranty. Tire defects are covered by the tire manufacturer. Refer to the manufacturer's tire warranty provided in your owners package.

### Battery

The New Vehicle Limited Warranty does not cover any damage to the Battery caused by:

- Exposing an unplugged vehicle to ambient temperatures above 120°F (50°C) for over 24 hours.
- Storing an unplugged vehicle in temperatures below -40°F (-40°C) for over seven days
- Leaving the Battery unplugged in a state of complete (or near complete) discharge<sup>2</sup>
- Physically damaging the Battery or intentionally attempting to reduce the life of the Battery
- Exposing the Battery to direct flame contact
- Immersing any portion of the Battery in water or any fluids
- Opening the Battery enclosure or having it serviced by someone other than a certified Tesla Motors technician
- Neglecting to follow correct charging procedures

<sup>1</sup>Note: The Battery gradually discharges during periods of nonuse, and therefore should never remain continuously unplugged for an extended period of time, regardless of state of charge. For details, refer to the document titled Charging Your Vehicle, provided in your owners package.

### Other items or conditions not covered

The New Vehicle Limited Warranty does not cover:

- Vehicles that have had the odometer disconnected, altered or inoperative with the result that the actual mileage cannot be readily determined.
  - Vehicles that have ever been labeled or branded as dismantled, fire-damaged, flood-damaged, junk, rebuilt, salvage or reconstructed.
  - Vehicles that have been determined to be a total loss by an insurance company.
  - Repair work performed by facilities other than a Tesla Store is not covered unless it was an emergency repair and there was no Tesla Store available within a reasonable distance and the repairs were performed after prior approval from Tesla Motors.
- If such emergency repairs were performed, the owner must present the paid repair invoices and any parts that were removed from the vehicle to a Tesla Store. The owner will be reimbursed for warranted parts at the manufacturer's suggested retail price as described on the paid repair invoice and warranted labor at a geographically appropriate hourly rate multiplied by the Tesla Motor's standard flat rate time for the repair.

### Incidental and Consequential Damages

Incidental and consequential damages, such as economic loss or extra expenses incurred, are not covered by the warranty.

Examples include:

- Loss of vehicle use
- Inconvenience

## New Vehicle Limited Warranty

- Storage
- Reimbursement for loss of time, revenue or salary
- Vehicle rental expense
- Lodging, meals, or other travel costs
- State or local taxes required on warranty repairs
- Towing charges
- Loss of personal or commercial property

### Other terms

All of the warranties are subject to the following limitations and disclaimers:

- The warranty described is the only express warranty applicable to your vehicle. Tesla Motors does not assume or authorize anyone to assume for it any other obligation or liability in connection with your vehicle or this warranty. No person, including a Tesla Motors employee or its authorized representative can modify or waive any part of this warranty.
- Tesla Motors reserves the right to make changes to, or additions to, vehicles manufactured or sold by Tesla Motors, and their warranties, at any time without incurring any obligation to make the same or similar changes or additions to vehicles previously manufactured or sold.
- Tesla Motors and its Tesla Stores also reserve the right to provide post-warranty repairs, conduct recalls, or extend the warranty coverage period for certain vehicles or vehicle populations, at

the sole discretion of Tesla Motors. The fact that Tesla Motors has provided such measures to a particular vehicle or vehicle population in no way obligates Tesla Motors to provide similar accommodations to other owners of similar vehicles.

- As a condition of these warranties, you are responsible for properly using, maintaining and caring for your vehicle as outlined in the Owners Manual. Tesla Motors advises that you keep copies of all maintenance records and receipts to help confirm eligibility for warranty repairs if a question arises as to whether a malfunction is caused by lack of maintenance or a defect in material or workmanship under normal use.

This warranty does not imply that each vehicle is defect-free. Defects may be unintentionally introduced into vehicles during the design and manufacturing processes and such defects could result in the need for repairs. For this reason, Tesla provides the New Vehicle Limited Warranty in order to remedy any such defects that result in vehicle part malfunction or failure during the warranty period.

### State warranty enforcement laws

If you have any concerns of questions regarding your 2008 Tesla Roadster and have been unable to resolve them to your satisfaction at a Tesla store, please contact Tesla at 1-877-TESLAEV (1-877-837-5238).

Many states have laws that permit owners to obtain a replacement vehicle or a refund of the purchase price under certain circumstances.

The provisions of these laws, sometimes called "lemon laws", vary from state to state. To the fullest extent allowed by your state law, Tesla Motors requires that you first send us a written notification of any defects or non-conformities you have experienced within a reasonable time to allow Tesla Motors to have an opportunity to make any needed repairs before you pursue the remedies provided by these laws. Please send your written notification to:

Tesla Motors, Inc.,  
1050 Bing Street,  
San Carlos, California 94070

Please include the following information:

- Vehicle Identification Number (VIN). This is stamped on a plate which is visible through the lowest part of the driver's side of the vehicle windshield. Also available on the vehicle registration and title documentation.
- Name and location of the Tesla Store
- Vehicle delivery date
- Current mileage
- Description of the defect or non-conformity and a history of the attempts you have made with a Tesla Store or a Tesla Motors representative, to resolve the concern.

## New Vehicle Limited Warranty

### How long is the warranty and what is covered?

#### Bumper to Bumper coverage

The warranty covers repairs and adjustments needed to correct defects in materials or workmanship of any part supplied by Tesla Motors, subject to the exclusions specified in this section, "How long is the warranty and what is covered?" and the section "What is not covered".

The limited warranty coverage for Bumper to Bumper is for three (3) years or 36,000 miles, whichever comes first, subject to the exclusions specified in this New Vehicle Limited Warranty.

#### Safety Restraint System

Under your New Vehicle Limited Warranty, your vehicle's Safety Restraint System coverage begins at the Warranty Start Date and lasts for five (5) years or 50,000 miles, whichever occurs first. During this coverage period, Tesla Motors covers repairs needed to correct defects in materials or workmanship of any seat belt supplied by Tesla Motors.

#### Audio System

The audio system is covered for a period of 12 months or 12,000 miles (whichever comes first), subject to the exclusions specified in this New Vehicle Limited Warranty.

### Corrosion

Under your New Vehicle Limited Warranty, Corrosion Coverage begins at the Warranty Start Date and covers body panels against corrosion due to a defect in factory-supplied materials and workmanship for the Bumper to Bumper warranty period, provided that you bring your vehicle to a Tesla Store each year to be inspected.

Corrosion coverage only applies if the corrosion causes perforation (holes) in body panels or the chassis. If corrosion is not the result of usage and/or environmental conditions, it may be determined to be paint damage by Tesla Motors. Paint damage is covered under the terms of the Bumper to Bumper warranty. Note that "Carbon Road Through" is a characteristic of the body panels used on the vehicle and is not a paint defect. Also note that cosmetic or surface corrosion resulting from damage in the paint (for example, stone chips or scratches) is not included in the New Vehicle Limited Warranty.

Corrosion coverage also does not apply for accidents, abuse, neglect, improper maintenance, installation of an accessory, damages, exposure to chemical substances, damages as a result of an act of God or nature, fire, and improper storage.

For additional conditions that do not afford coverage, see **What is not covered, page 8**.

### Replacement Parts

Service and replacement parts installed on your vehicle by a Tesla Store under the New Vehicle Limited Warranty will be covered (parts and labor) until the expiration date of the New Vehicle Limited Warranty, or (depending on the specific part or repair) for at least one year or 12,000 miles, whichever is the later date.

Parts used in exchange are service replacement parts and can be either new or "remanufactured." Remanufactured parts are those that have been reconditioned or repaired, depending on the component involved. All remanufactured exchange parts meet Tesla Motors standards and are warranted the same as new parts.

Environmental Protection Agency (EPA) guidelines and Tesla Motors support the capture, purification, and reuse of automotive air conditioning refrigerant gases. As a result, any repairs performed by a Tesla Store may involve the installation of purified reclaimed refrigerant.

All items or parts replaced become the property Tesla Motors to the fullest extent allowed under applicable law.

### Limitations

The performance of necessary repairs and adjustments is the exclusive remedy under these warranties or any implied warranties. No other obligation or liability may be extended or created by any other entity or person without the prior written authorization of Tesla Motors.

## New Vehicle Limited Warranty

This Owner's Manual includes specific recommendations regarding the use, operations, and maintenance of the vehicle. It was written to provide guidance on normal vehicle use. You are responsible for following correct operations and maintenance procedures, including, but not limited to:

- Carrying passengers and cargo within specified load limits.
- Driving on reasonable road surfaces within legal speed limits.
- Driving the vehicle regularly.
- Performing all vehicle maintenance procedures.
- Charging and caring for the Battery as outlined in the Owner's Manual.

Your vehicle is a mechanical device. All mechanical devices make some sort of noise and/or vibration. These noises and vibrations can vary from vehicle to vehicle. Tesla Motors recognizes these noises as normal characteristics of the vehicle. Examples of noise and vibration include brake squeal, general knocks, creaks, rattles, wind, and road vibration. Normal noise and/or vibration and/or deterioration as determined by Tesla Motors or its representatives are not covered by the warranty.

### Who pays for warranty repairs?

You will not be charged for covered warranty repairs made during the warranty periods for items included in the Bumper to Bumper coverage. There may be a payment required for items that are subject to a pro rata

adjustment such as tires. Some individual parts associated with the vehicle, such as tires and the High Power Connector, have their own warranties with their own terms and restrictions.

Some states and/or local governments may require a tax on a portion of warranty repairs. Where applicable law allows, the tax must be paid by the owner of the vehicle. Some states have mandated alternate time coverage periods for parts of your vehicle (for example, seat belts).

To further demonstrate our commitment to customer satisfaction, Tesla Motors may choose to pay for specific repairs or pay for parts that are no longer covered by warranty. In addition, Tesla Motors may choose to perform "goodwill" repairs on the vehicle, even though the repair is not covered by the warranty. These actions, by no means, extend the period of the warranty, or re-initiate any warranty coverage, and are solely for customer satisfaction or for safety purposes.

There may be situations where Tesla Motors will notify all or certain registered owners that a specific repair is recommended or required. In addition to reviewing any notifications sent to you, you may inquire directly at a Tesla Store about the applicability of such programs. When doing so, have your vehicle 17-digit vehicle identification number (VIN) available.

### Obtaining repairs

To obtain warranty repairs, you are required to take the vehicle to a Tesla Store within the warranty period to request the needed repair(s). A reasonable time must be allowed for the Tesla Store's service personnel to perform the necessary repairs. If you are notified by a Tesla Store that your repairs are completed and your vehicle is ready to be retrieved, Tesla Motors is not responsible for any delay you experience retrieving your vehicle. Tesla Motors is not responsible for rental of an alternate vehicle while your vehicle is being serviced or repaired. Rental of a vehicle will be at the discretion of the Tesla Store.

### Roadside assistance (United States)

Your vehicle is covered by the complimentary Tesla Roadside Service Assistance Program. This program applies to all vehicles registered and normally operated in the United States, with the exception of vehicles registered and/or normally operated in the states of Alaska and Hawaii. For details, refer to the Roadside Assistance Guide, provided in your owners package.

To mail this form to Tesla Motors, cut on dotted line, fold in half and staple, and affix appropriate postage.

### OWNER INFORMATION CHANGE FORM

If your name or address has changed, or you purchased the Tesla 2008 Roadster as a used vehicle, complete and mail the attached card, even if your warranty coverage has expired. This allows Tesla Motors to contact you with important product or safety updates concerning your vehicle. If you have purchased the Tesla 2008 as a used vehicle, include proof of ownership and a copy of valid identification such as a driver's license or passport.

## New Vehicle Limited Warranty

### Warranty summary

Tesla Motors will provide for repairs to the vehicle during the applicable warranty period in accordance with the terms, conditions and limitations defined in this New Vehicle Limited Warranty.

#### Who is the warrantor?

The warrantor for this New Vehicle Limited Warranty is:

Tesla Motors, Inc.,  
1050 Bing Street,  
San Carlos, California 94070,  
a Delaware corporation, hereinafter referred to as Tesla Motors.

#### Which vehicles are covered?

This New Vehicle Limited Warranty applies to all 2008 Tesla Roadsters registered and normally operated in the United States. This warranty does not apply if an otherwise covered vehicle is operated in a country other than the United States.

#### When does the warranty period begin?

This New Vehicle Limited Warranty begins on the first date the vehicle is delivered to the first retail purchaser, put into use, leased, or registered as a company car or demonstrator, whichever is earlier. This is the warranty start date. Consult your sales documentation to

determine when the warranty begins for your vehicle. If you have any questions, check the Tesla Roadster Owners web site ([www.teslamotors.com](http://www.teslamotors.com)), or contact Tesla Motors.

#### What repairs are covered?

Tesla Motors will repair or replace any factory installed part that is defective in material or workmanship under normal use. Needed repairs will be performed using new or remanufactured parts at the discretion of Tesla Motors. The decision whether a part should be repaired or replaced will be made by the servicing Tesla Store. In the interest of customer satisfaction, Tesla Motors may offer exchange service on some vehicle components. This service is intended to reduce the amount of time your vehicle is not available for use due to repairs.

Unless an emergency repair is necessary and a Tesla Store is not reasonably available, repairs performed during the warranty period by facilities other than a Tesla Store will not be covered and may void warranty coverage unless repairs are performed after prior approval from Tesla Motors. To obtain warranty service, you must deliver the vehicle to a Tesla Store, at your expense, during regular business hours. In certain instances, Tesla Motors, at its discretion, may authorize repairs at facilities other than its authorized Tesla Store. If this occurs, such repairs will still be covered under the warranty if the vehicle is still within the warranty period for that particular repair.

SELLER'S RIGHT TO CANCEL If Buyer and Co-Buyer sign here, the provisions of the Seller's Right to Cancel section on the back giving the Seller the right to cancel if Seller is unable to assign this contract to a financial institution will apply.	
X Buyer	X Co-Buyer

OPTION: ☐ You pay no finance charge if the Amount Financed, item 7, is paid in full on or before \_\_\_\_\_, Year \_\_\_\_\_. SELLER'S INITIALS \_\_\_\_\_

THE MINIMUM PUBLIC LIABILITY INSURANCE LIMITS PROVIDED IN LAW MUST BE MET BY EVERY PERSON WHO PURCHASES A VEHICLE. IF YOU ARE UNSURE WHETHER OR NOT YOUR CURRENT INSURANCE POLICY WILL COVER YOUR NEWLY ACQUIRED VEHICLE IN THE EVENT OF AN ACCIDENT, YOU SHOULD CONTACT YOUR INSURANCE AGENT.	
WARNING:	
YOUR PRESENT POLICY MAY NOT COVER COLLISION DAMAGE OR MAY NOT PROVIDE FOR FULL REPLACEMENT COSTS FOR THE VEHICLE BEING PURCHASED. IF YOU DO NOT HAVE FULL COVERAGE, SUPPLEMENTAL COVERAGE FOR COLLISION DAMAGE MAY BE AVAILABLE TO YOU THROUGH YOUR INSURANCE AGENT OR THROUGH THE SELLING DEALER. HOWEVER, UNLESS OTHERWISE SPECIFIED, THE COVERAGE YOU OBTAIN THROUGH THE DEALER PROTECTS ONLY THE DEALER, USUALLY UP TO THE AMOUNT OF THE UNPAID BALANCE REMAINING AFTER THE VEHICLE HAS BEEN REPOSSESSED AND SOLD.	
FOR ADVICE ON FULL COVERAGE THAT WILL PROTECT YOU IN THE EVENT OF LOSS OR DAMAGE TO YOUR VEHICLE, YOU SHOULD CONTACT YOUR INSURANCE AGENT.	
THE BUYER SHALL SIGN TO ACKNOWLEDGE THAT HE/SHE UNDERSTANDS THESE PUBLIC LIABILITY TERMS AND CONDITIONS.	
S/S X	X

**Representations of Buyer:** Seller has relied on the truth and accuracy of the information provided by you in connection with the Trade-In Vehicle. You represent that you have given a true payoff amount on the vehicle traded in. If the payoff amount is more than the amount shown above in item 6B as "Prior Credit or Lease Balance," you must pay Seller the excess on demand. If the payoff amount is less than the amount shown above in item 6B as "Prior Credit or Lease Balance," Seller will refund the difference to you.

Buyer X Co-Buyer X

**Notice to buyer:** (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement.

If you have a complaint concerning this sale, you should try to resolve it with the seller. Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof. After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

Buyer Signature X Co-Buyer Signature X

**The Annual Percentage Rate may be negotiable with the Seller. The Seller may assign this contract and retain its right to receive a part of the Finance Charge.**

**THERE IS NO COOLING-OFF PERIOD UNLESS YOU OBTAIN A CONTRACT CANCELLATION OPTION**  
California law does not provide for a "cooling-off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud. However, California law does require a seller to offer a 2-day contract cancellation option on used vehicles with a purchase price of less than \$40,000, subject to certain statutory conditions. This contract cancellation option requirement does not apply to the sale of a recreational vehicle, a motorcycle, or an off-highway motor vehicle subject to identification under California law. See the vehicle contract cancellation option agreement for details.

YOU AGREE TO THE TERMS OF THIS CONTRACT. YOU CONFIRM THAT BEFORE YOU SIGNED THIS CONTRACT, WE GAVE IT TO YOU, AND YOU WERE FREE TO TAKE IT AND REVIEW IT. YOU ACKNOWLEDGE THAT YOU HAVE READ BOTH SIDES OF THIS CONTRACT, INCLUDING THE ARBITRATION CLAUSE ON THE REVERSE SIDE, BEFORE SIGNING BELOW. YOU CONFIRM THAT YOU RECEIVED A COMPLETELY FILLED-IN COPY WHEN YOU SIGNED IT.

Buyer Signature X Date 02/13/09 Co-Buyer Signature X Date 02/13/09

Co-Buyers and Other Owners — A co-buyer is a person who is responsible for the total amount owing even if other persons also sign as Guarantor, and even if Buyer has a does not have to pay the debt. The other owner agrees to the security interest in the vehicle given to us in this contract.

Other Owner Signature X Address

**GUARANTY:** To induce us to sell the vehicle to Buyer, each person who signs as a Guarantor individually guarantees the payment of this contract. If Buyer fails to pay any money owing on this contract, each Guarantor must pay it when asked. Each Guarantor will be liable for the total amount owing even if other persons also sign as Guarantor, and even if Buyer has a complete defense to Guarantor's demand for reimbursement. Each Guarantor agrees to be liable even if we do one or more of the following: (1) give the Buyer more time to pay one or more payments; (2) give a full or partial release to any other Guarantor; (3) release any security; (4) accept less from the Buyer than the total amount owing; or (5) otherwise reach a settlement relating to this contract or extend the contract. Each Guarantor acknowledges receipt of a completed copy of this contract and guaranty at the time of signing. Guarantor waives notice of acceptance of this Guaranty, notice of the Buyer's non-payment, non-performance, and default; and notices of the amount owing at any time, and of any demands upon the Buyer.

Seller Signs TESLA MOTORS Date 02/13/09 By X Title Sales

Date: February 13, 2009

VIN: 5YJRE11B781000151

Dear George E Foreman Sr.,

Please note that Model Year 2008 Roadster members will receive an additional 12 months of warranty or additional 14,000 miles, whichever occurs first.

This will bring your warranty from the base 3 years or 36,000 miles to 4 years or 50,000 miles, whichever occurs first from date of delivery.

This letter serves as an addendum to the New Vehicle Limited Warranty. Please see Warranty Guide for specific details.

Sincerely,

Tesla Sales and Service

Dear George,

Your Tesla Roadster is ready for immediate delivery. In order to expedite the delivery of your car, please complete each of the following steps carefully:

- Sign all highlighted sections of each document included in this package. Please double check to ensure that all forms have been signed in the appropriate areas.
- Write a check for the remaining balance as detailed in previous emails, and included on line 6G of the sales contract.
- Do not remove any copies of the included forms, we will provide you with copies of all documents after verifying that they are all complete and correct. If you must retain copies before returning these forms to us, feel free to make photocopies.
- Please place all of the above items in the included Fedex envelope and return them as soon as possible.

As soon as we receive all required forms and funds we will work with you to schedule delivery of your Tesla to your desired location. We will also send you all paperwork necessary to register the vehicle in your state. If you have any questions, please call Customer Relations at (877) 837-5238.

We look forward to delivering your Tesla Roadster to you shortly.

Sincerely,

Tesla Sales & Service

Authorized by and billed to Tesla Motors, Inc.

You agree that: Tesla is not responsible for any personal items left in your vehicle; Tesla and its employees may access and operate your vehicle for the sole purpose of testing and/or inspection of repairs; Tesla and its employees may access, download and use the information stored on your vehicle's data recorder to service and diagnose issues with your vehicle, and Tesla may store and aggregate such data for its own purposes; an express mechanic's lien is hereby acknowledged on your vehicle to secure the amount of repairs and storage; the owner's insurance provides exclusive coverage for the vehicle while it is in Tesla's possession; and you may be charged storage fees from the fourth working day after you are notified that repairs on your vehicle are complete.

Tesla disclaims all express or implied warranties with respect to any repairs or products used in repairs, except as may be set forth in your Tesla-issued New Vehicle Limited Warranty or other extended service agreement. Tesla is not responsible for repairs not performed by, or components not installed by, Tesla.

I authorize the repair work, including parts, materials and labor, on my vehicle to be done as set forth in this service agreement document, including the use of any specifically noted aftermarket parts or components.

## ACKNOWLEDGEMENT OF RECEIPT OF FRONT LICENSE PLATE INFORMATION

I herby acknowledge that I am the person taking delivery of the motor vehicle described below and that I have been apprised of the following offer and information:

☐

**FRONT LICENSE PLATE EQUIPMENT.** I understand that California law requires a license to be displayed and securely fastened to the front of the vehicle. I herby acknowledge that the Seller has demonstrated to me that the motor vehicle described below is equipped with a bracket or other means of securing a front license plate.

☐

**FRONT LICENSE PLATE EQUIPMENT REFUSED.** Even though I understand that California law requires a license plate to be displayed on the front of the vehicle, and even though the Seller has offered to install a bracket or other means of securing a front license plate, I refuse such installation. I understand that the equipment necessary to securely install the bracket or other means of securing the front license plate is available from the Seller.

☐

**ELECTION TO SELF-INSTALL BRACKET.** I have been provided the hardware necessary to securely fasten the front license plate and I elect to install such hardware myself.

I have read this form and I acknowledge that I understand its content.

# ALTERNATIVE FUELED VEHICLE BUYERS GUIDE

Compare the Cruising Range of this Vehicle with  
Other Alternative Fueled Vehicles (AFV) Before You Buy.

## Manufacturer's Estimated Cruising Range

**227**

Miles on one tank or charge

*Actual cruising range will vary with options, driving conditions, driving habits, and vehicle condition*

## Before Selecting An Alternative Vehicle Consider:

- ☒ **FUEL TYPE AND AVAILABILITY:** Know which fuels power this vehicle. Determine whether refueling and/or recharging facilities that meet your driving needs are readily available.
- ☒ **OPERATING COSTS:** Fuel and maintenance costs for AFVs differ from gasoline or diesel-fueled vehicles and can vary considerably. Visit [www.fueleconomy.gov](http://www.fueleconomy.gov).
- ☒ **PERFORMANCE/CONVENIENCE:** Vehicles powered by different fuels differ in their ability to start a cold engine, how long it takes to refill the vehicle's tank to full capacity, acceleration rates, and refueling methods.
- ☒ **ENERGY SECURITY/RENEWABILITY:** Consider where and how the fuel powering this vehicle is typically produced.
- ☒ **EMISSIONS:** Emissions are an important factor. For more information about how the vehicle you are considering compares to others, visit [www.epa.gov/greenvehicle](http://www.epa.gov/greenvehicle).
