Master Power Brake
Disc Brake Conversion
Various Ford Application
P/N: DB1521B/DB1521BHP
DB1522B/DB1522BHP

Thanks for your purchase of the Legend Series Disc Brake Conversion Kit. This front wheel kit
1964-1973 Ford Mustang as well as other Ford applications with a factory OE Drum Brake
designed as a bolt-in installation that should be able to be completed with simple hand tools. N
fit most 14" wheels.

Installation Notes:

- Please read all instructions before attempting the installation.
- Proper operation of your brakes is essential for your safety and the safety of others. Any
be performed by a professional technician experienced in the installation of brake system
- Any installation requiring you to remove a wheel or gain access under the vehicle require
or a lift appropriate to the weight of the vehicle. In all cases, recommended ratings for jac
at least 2-tons. If using a floor jack, be sure to use the appropriate wheel chocks.
- All installations require proper safety procedures and protective eyewear.
- A selection of hand tools sufficient to engage in the installation of these products is a
responsibility of the installer to have in his/her possession prior to beginning this installatic
which require removal of hydraulic hoses and/or bleeding of the brakes, require appr
wrenches, as well as a safety catch can and protective eyewear. Other than these items,
tools are required they are listed in the section for that step.
- **ALWAYS CONFIRM WHEEL FITMENT PRIOR TO BEGINNING THE INSTALLATION OF AN**
Returns will not be accepted for ANY installed part or assembly. Use great care to prever
when performing wheel fit check!
- Before starting the installation, verify that all parts are included with the brake kit. If item
Master Power Brakes immediately.
- Master Power Brakes recommends the use of a high quality DOT 3 or DOT 4 brake fluid
VOID IF DOT 5 FLUID IS USED.
