Waldron's Exhaust makes every effort to ensure that you will be completely satisfied with the look, fit and performance of your exhaust system.

Please check your order upon receipt and notify us immediately if something is missing or damaged. Normal pipe appearance may include clamp marks, weld seams and scratching from shipping.

Your complete OEM style exhaust system is guaranteed to fit with some adjustment at your cost or effort during installation including pipe trimming, adding flat spots, bend angle adjustment, and opening ends. Waldron's will replaced or cover part of the cost to repair parts that are not correct for the vehicle or which have manufacturing defects affecting performance or fit within 6 months of the order data. After 6 months, the customer will pay for all repairs at the current price including shipping. Parts ordered individually, oversized parts, NOS parts and custom sized mufflers are Final sales and excluded from our fit guarantee.

If you should encounter an issue with your system that minor modifications will not remedy, contact Waldron's before performing major modifications. Waldron's Exhaust will not guarantee full warranty if you choose to cut, weld or bend prior to calling us.
