ORDER PROCESS PROCEDURE FOR 2002 SLP CAMARO SS OPTIONS

- (1) Confirm that your order for a Camaro Z28, with the required SS base package (RPO option WU8), has been correctly entered into the Vehicle Order Management System (VOMS).
- (2) Place order with SLP, for its Camaro SS options only, by completing Page 1 and/or 2 of this Sales Agreement. Copy Page 1 and 2 for multiple orders.
- (3) Fax page 1 and/or 2 of this Sales Agreement, for SLP Camaro SS options only, to SLP Engineering, Inc. at:

FAX # 1-248-288-3176**PHONE # 1-248-288-3066**

- (4) Camaro SS orders will be treated as "normal" Camaro SS orders by Chevrolet during the acknowledgment and order generation process. Remember, all 2002 Camaro SS orders are based on the Camaro Z28 model.
- (5) During the final assembly process GM will assign your vehicle a VIN number. It is at this time that SLP will use this VIN as a reference to invoice you via fax for its optional content only, as your vehicle is just days away from arriving at our facility. Should the vehicle arrive before your balance is received, it will be held by SLP until such time as the invoice amount is received in full. This is consistent with SLP's payment policy in the 2000 and 2001 model years.
- (6) Upon receipt of your check and your vehicle from GM, the optional Camaro SS options will then be added to the vehicle and an invoice marked paid-in-full will be mailed to you. SLP is under contract with GM to perform the addition of its options within a maximum of three business days.
- (7) After the alterations are completed, the vehicle is shipped back to the GM Ste. Therese Plant for shipment to your dealership.

TERMS AND CONDITIONS

The alteration time including transportation between GM's Ste. Therese Plant and SLP Canada will be no longer than three business days from the point the GM carrier delivers the vehicle to SLP Canada.

By signing Page 1 of this Sales Agreement, the dealer acknowledges that he/she understands that the addition of the applicable Camaro SS options listed in this document are modifications performed by SLP Engineering, Inc., not Chevrolet or GM. Furthermore, the dealer acknowledges that the warranty for those components or systems affected by said SLP installed components, is not covered by GM. These components are warranted by SLP for 36 months from the original manufacturers in-service date or 36,000 miles, whichever occurs first, and SLP is responsible for all systems affected by the alterations.

Dealer acknowledges his/her responsibility to inform consumers that warranty on the Camaro SS options and all parts and systems affected by alteration comes from SLP and not GM. This includes certification. Furthermore, SLP shall provide dealer with applicable warranty information for consumers. There are numerous factors affecting the availability of vehicles from SLP. SLP will exercise its best efforts to fulfill all orders. SLP reserves the right to change pricing, product content and/or specifications at any time. This Sales Agreement may be canceled by SLP Engineering, Inc. if GM fails to deliver the vehicle for alteration.

Agreement and acceptance of the "Order Process Procedure" and "Terms and Conditions" listed above is acknowledged by placement of an authorized dealership signature on Page 1 and/or 2 of this document.

Please copy document for multiple orders.
