### 2024 REPCO BATHURST 1000 - IMPORTANT INFORMATION & FAQs

*Updated May 2024*

#### BOOKING CAMPSITES

***Q. When do campsites go on sale?***

A. Tuesday May 7 – 11am (AEST) via [our website](#)

***Q. I wish to attend for the first time – what are my options?***

A. Please review our Public Sale tips document on our website.

It can be overwhelming trying to decide what your best options are. We suggest answering a few questions first:-

- What set up are you intending to bring? (tent / caravan / motorhome)
- How big is your set up (including vehicle/s which must be parked within your site)? – see *campsite size chart*
- Do I require power? – *only some sites within the Orchard campground and Motorhome Park have access to powered sites. Due to the cost involved with bringing in temporary power, these are the most expensive sites*

Once you have answered these and reviewed this document to ascertain what is most suitable, please review the Campground Maps within the important links section of the [website](#) to understand the various sections within each campground (i.e. Chase A, Chase B etc). This will assist in allowing you to go straight to this section to check what sites are available when we go on sale.

***Q. Which campsites are suitable for caravans / motorhomes?***

A. All campgrounds are suitable for caravans however each campground has sites which vary in size and not all are flat! Please review the approximate campsite size details chart. We have also included some commentary on van suitability in each campground profile. Suffice to say, sites in the Orchard, Enduro, the Chase, Max Cameron and Motorhome Park are predominantly flat with only a small percentage unsuitable for caravans.

Details on dump points and power offering is available in each campground profile.

***Q. Which campgrounds are more suitable for families?***

A. Families are welcome in all campgrounds and there is a nice mix of families, large groups and independent travellers. Due to limited demand, the focus will always be on getting a site that suits your needs from a space and power perspective.

**Q. Which campgrounds have accessible amenities?**

A. McPhillamy Park, Reid & Sulman, the Paddock all have permanent accessible toilet and showers available. Supercars are adding in portable accessible amenities to a campground down the bottom of the mountain in 2024. Please contact the camping team via [camping@supercars.com](mailto:camping@supercars.com) if you require a campsite in close proximity to accessible amenities
