AMBIENT NOISE & EVENING EVENTS

Residents may notice increased ambient noise during event week due to race activity, entertainment, public announcements and increased visitor numbers throughout the precinct. On Friday morning, the GC500 will host the inaugural Track Club, giving participants the opportunity to run a lap of the circuit before racing commences. Throughout Friday, residents may also notice music and DJ entertainment within the event precinct. In the evenings, live music performances will be held on Macintosh Island on both Friday and Saturday, with all musical acts scheduled to conclude by 9:00pm. We thank residents for their patience and understanding as we deliver this major event for the Gold Coast community.

GET INVOLVED

We encourage you to enjoy the atmosphere and support the event. Whether you're watching from your balcony or joining the crowd, your participation adds to the community spirit. We also have 3 community events during Event Week:

NTI Transporter Parade

Rolling through Main Beach on Wednesday 21 October, showcasing the full fleet of race transporters.

Driver Signing Session

Held in Surfers Paradise on Thursday afternoon (October 22), a great opportunity for residents and fans to meet the drivers.

Cars & Cocktails on Tedder

A new event in 2026 proudly brought to you by Councillor Darren Taylor. To be held in Tedder Avenue on Saturday October 24.
