

Quick Tips – Secure your Campsite for this year’s event!

1. Only one site per transaction

As there are less than 600 campsites available, and very few side by side, we have limited it to one (1) campsite per transaction.

2. Plan ahead

Have a clear plan before the sale opens to maximise your chances of securing a site.

- **Choose your preferred area** (e.g. Max Cameron B)
- **Review the FAQs on the website** to help narrow your selection
- **Check your setup size**
 - All camping equipment (including vehicles) must fit within your site boundaries
 - Vehicles outside marked sites will be removed
- **Do you need power?**

Powered sites are available in:

 - Orchard B (standard)
 - Orchard B (large)
 - Orchard C (large)
 - Motorhome Park

Large powered sites are expected to sell out quickly
- **Study the campground maps**
 - Toilets are marked “T”
 - Shower/toilet blocks are marked “A”
 - All public sale campgrounds (except Reid & Sulman) use portable facilities
- **Accessible amenities**
