SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 – Changes to the Monthly Plan Premium

Cost	2025 (this year)	2026 (next year)
Monthly premium (You must also continue to pay your Medicare Part B premium unless it is paid for you by Medicaid.)	\$51.00	\$101.00

Factors that could change your Part D premium amount

- Late Enrollment Penalty - Your monthly plan premium will be more if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as creditable coverage) for 63 days or more.
- Higher Income Surcharge - If you have a higher income, you may have to pay an additional amount each month directly to the government for Medicare prescription drug coverage.
- Extra Help - Your monthly plan premium will be *less* if you get Extra Help with your prescription drug costs. Go to Section 1 for more information about Extra Help from Medicare.

Section 1.2 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs can depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies. Our network includes pharmacies with preferred cost sharing, which may offer you lower cost sharing than the standard cost sharing offered by other network pharmacies for some drugs.

Our network of pharmacies has changed for next year. Review the *2026 Pharmacy Directory* to see which pharmacies are in our network. Here is how to get an updated *Pharmacy Directory*:

- Visit our website at **YourMedicareSolutions.com**.

Call Customer Service at **1-888-832-0075** (TTY users call **711**) to get current provider information or to ask us to mail you a *Pharmacy Directory*. We can make changes to the pharmacies that are part of our plan during the year. If a mid-year change in our pharmacies affects you, call Customer Service at **1-888-832-0075** (TTY users call **711**) for help.

Section 1.3 – Changes to Part D Prescription Drug Coverage

Changes to our Drug List

Our list of covered drugs is called a Formulary or Drug List. A copy of our Drug List is provided electronically at **YourMedicareSolutions.com**.

We made changes to our Drug List, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs or moving them to a different cost-sharing tier.

Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions, or if your drug has been moved to a different cost-sharing tier.

Most of the changes in the Drug List are new for the beginning of each year. However, we might make other changes that are allowed by Medicare rules that will affect you during the calendar year. We update our online Drug List at least monthly to provide the most up-to-date list of drugs. If we make a change that will affect your access to a drug you are taking, we will send you a notice about the change.

If you are affected by a change in drug coverage at the beginning of the year or during the year, please review Chapter 9 of your *Evidence of Coverage* and talk to your prescriber to find out your options, such as asking for a temporary supply, applying for an exception or working to find a new drug. Call Customer Service at **1-888-832-0075** (TTY users call **711**) for more information.

We may immediately remove brand name drugs or original biological products on our Drug List if we replace it with new generics or certain biosimilar versions of the brand name drug or original biological product on the same or a lower cost-sharing tier and with the same or fewer restrictions. Also, when adding a new version, we can decide to keep the brand name drug or original biological product on our Drug List but immediately move it to a higher cost-sharing tier or add new restrictions or both.

For example: If you take a brand name drug or biological product that is being replaced by a biosimilar, you may not get notice of the change 30 days in advance or before you get a month's supply of the brand name drug or biological product. You might get information on the specific change after the change is already made.

Some of these drug types may be new to you. For definitions of drug types, go to Chapter 10 of your *Evidence of Coverage*. The Food and Drug Administration (FDA) also provides consumer information on drugs. Go to the FDA website: <https://www.FDA.gov/drugs/biosimilars/multimedia-education-materials-biosimilars#For%20Patients>. You can also call Customer Service at **1-888-832-0075** (TTY users call **711**) or ask your health care provider, prescriber, or pharmacist for more information.

Section 1.4 Changes to Prescription Drug Benefits and Costs

Do you get Extra Help to pay for your drug coverage costs?

If you are in a program that helps pay for your drugs (Extra Help), **the information about costs for Part D prescription drugs may not apply to you.** We have sent you a separate material, called the *Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs*, which tells you about your drug costs. If you get Extra Help and didn't get this material by 12/31/2025, call Customer Service at **1-888-832-0075** (TTY users call **711**) and ask for the *LIS Rider*.

Drug payment stages

There are three **drug payment stages**: the Yearly Deductible Stage, the Initial Coverage Stage, and the Catastrophic Coverage Stage. The Coverage Gap Stage and the Coverage Gap Discount Program no longer exist in the Part D benefit.

- **Stage 1: Yearly Deductible**

You start in this payment stage each calendar year. During this stage, **you pay the full cost** of your Part D drugs until you have reached the yearly deductible. The deductible doesn't apply to covered insulin products and most adult Part D vaccines, including shingles, tetanus, and travel vaccines.

- **Stage 2: Initial Coverage**

Once you pay the yearly deductible, you move to the initial coverage stage. In this stage, our plan pays its share of the cost of your drugs and you **pay your share of the cost**. You generally stay in this stage until your year-to-date total drug costs reach \$2,100.

- **Stage 3: Catastrophic Coverage**

This is the third and final drug payment stage. In this stage, you pay nothing for your covered Part D drugs. You generally stay in this stage for the rest of the calendar year.

The Coverage Gap Discount Program has been replaced by the Manufacturer Discount Program. Under the Manufacturer Discount Program, drug manufacturers pay a portion of our plan's full cost for covered Part D brand name drugs and biologics during the Initial Coverage Stage and the Catastrophic Coverage Stage. Discounts paid by manufacturers under the Manufacturer Discount Program do not count toward out-of-pocket costs.

Drug costs in Stage 1: Yearly Deductible

The table shows your cost per prescription during this stage.

2025 (this year)	2026 (next year)
\$590 deductible	\$615 deductible

Drug costs in Stage 2: Initial Coverage

The table shows your cost per prescription for a one-month (30 day) supply filled at a network pharmacy with standard and preferred cost sharing.

We changed the tier for some of the drugs on our Drug List. To see if your drugs will be in a different tier, look them up on the Drug List. Most adult Part D vaccines are covered at no cost to you. For more information about the costs of vaccines, or information about the costs for a long-term supply, or for mail-order prescriptions, go to Chapter 6 of your *Evidence of Coverage*.

Once you've paid \$2,100 out of pocket for covered Part D drugs, you'll move to the next stage (the Catastrophic Coverage Stage).

Changes to the Catastrophic Coverage Stage

For specific information about your costs in the Catastrophic Coverage Stage, go to Chapter 4, Section 6 in your *Evidence of Coverage*.

SECTION 2 Administrative Changes

Description	2025 (this year)	2026 (next year)
Medicare Prescription Payment Plan	The Medicare Prescription Payment Plan is a payment option that began this year and can help you manage your out-of-pocket costs for drugs covered by our plan by spreading them across the calendar year (January-December). You may be participating in this payment option.	If you're participating in the Medicare Prescription Payment Plan and stay in the same Part D plan, your participation will be automatically renewed for 2026. To learn more about this payment option, contact customer support at 1-833-696-2087 or visit Medicare.gov.

SECTION 3 How to Change Plans

To stay in MedicareBlue Rx Standard, you don't need to do anything. Unless you sign up for a different plan or change to Original Medicare by December 7, you will automatically be enrolled in our MedicareBlue Rx Standard plan.

If you want to change plans for 2026, follow these steps:

- **To change to a different Medicare health plan**, enroll in the new plan. Depending on which type of plan you choose, you will automatically be disenrolled from MedicareBlue Rx Standard.
 - You will automatically be disenrolled from MedicareBlue Rx Standard if you enroll in any Medicare health plan that includes Part D prescription drug coverage. You will also automatically be disenrolled if you join a Medicare Health Maintenance Organization (HMO) or Medicare Preferred Provider Organization (PPO), even if that plan does not include prescription drug coverage.
 - If you choose a Private Fee-For-Service plan without Part D drug coverage, a Medicare Medical Savings Account plan, or a Medicare Cost Plan, you can enroll in that new plan and keep MedicareBlue Rx Standard for your drug coverage. Enrolling in one of these plan types will not automatically disenroll you from MedicareBlue Rx Standard. If you are enrolling in this plan type and want to leave our plan, you must ask to be disenrolled from MedicareBlue Rx Standard. To ask to be disenrolled, you must send us a written request or contact Medicare at **1-800-MEDICARE (1-800-633-4227)**, 24 hours a day, 7 days a week (TTY users should call **1-877-486-2048**).
- **To change to Original Medicare with drug coverage**, enroll in the new Medicare drug plan. You'll be automatically disenrolled from MedicareBlue Rx Standard.
- **To change to Original Medicare without a drug plan**, you can send us a written request to disenroll. Call Customer Service at **1-888-832-0075** (TTY users call **711**) for more information on how to do this. Or call Medicare at **1-800-MEDICARE (1-800-633-4227)** and ask to be disenrolled. TTY users can call **1-877-486-2048**. If you don't enroll in a Medicare drug plan, you may pay a Part D late enrollment penalty (go to Section 1).

- **To learn more about Original Medicare and the different types of Medicare plans**, visit www.Medicare.gov, check the Medicare & You 2026 handbook, call your State Health Insurance Assistance Program (go to Section 5), or call 1-800-MEDICARE (1-800-633-4227).

Section 3.1 Deadlines for Changing Plans

People with Medicare can make changes to their coverage from **October 15 - December 7**.

If you enrolled in a Medicare Advantage plan for January 1, 2026, and don't like your plan choice, you can switch to another Medicare health plan (with or without Medicare drug coverage) or switch to Original Medicare (with or without separate Medicare drug coverage) between January 1 – March 31, 2026.

Section 3.2 Are there other times of the year to make a change?

In certain situations, people may have other chances to change their coverage during the year. Examples include people who:

- Have Medicaid
- Get Extra Help paying for their drugs
- Have or are leaving employer coverage
- Move out of our plan's service area

If you recently moved into or, currently live in an institution (like a skilled nursing facility or long-term care hospital), you can change your Medicare coverage **at any time**. You can change to any other Medicare health plan (with or without separate Medicare prescription drug coverage) or switch to Original Medicare (with or without Medicare prescription drug plan) at any time. If you recently moved out of an institution, you have an opportunity to switch plans or switch to Original Medicare for 2 full months after the month you move out.

SECTION 4 Get Help Paying for Prescription Drugs

You may qualify for help paying for prescription drugs. Different kinds of help are available:

- **Extra Help from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs including monthly prescription drug plan premiums, yearly deductibles, and coinsurance. Also, people who qualify will not have a late enrollment penalty. To see if you qualify, call:
 - **1-800-MEDICARE (1-800-633-4227)**. TTY users can call **1-877-486-2048**, 24 hours a day, 7 days a week
 - Social Security at **1-800-772-1213** between 8 a.m. and 7 p.m., Monday - Friday for a representative. Automated messages are available 24 hours a day. TTY users can call **1-800-325-0778**
 - Your State Medicaid Office
- **Help from your state's pharmaceutical assistance program (SPAP).** Montana has a program called the Big Sky Rx Program that helps people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program (SHIP).

- **Prescription cost-sharing assistance for persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible people living with HIV/AIDS have access to life-saving HIV medications. To be eligible for the ADAP operating in your state, you must meet certain criteria, including proof of state residence and HIV status, low income as defined by the state, and uninsured/ under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing help through the state-specified programs in the list that follows. For information on eligibility criteria, covered drugs, how to enroll in the program, or, if you're currently enrolled, how to continue getting help, call your state's program (listed next). Be sure, when calling, to inform them of your Medicare Part D plan name or policy number.
