What's a puffin crossing?

It has a green/red person light on the same side of the road as the pedestrian button and motion sensors to help control the lights.

How to play:

1. Visit all the locations marked with a number on the map. You can visit the locations in any order you like
2. Near each location there will be a poster with a letter on it
3. Match the letter to the number on the table
4. Once you've visited all the locations and written down all the letters, you'll uncover a code word

Location number	3	2	4	6	1	7	5
Poster letter							

Well done – you've finished the hunt!
