

Community Streets

People Count

Regular counts give information on how many people were out on the street during your event. To see if it's different from what the street is normally like, it's important to do some counts on a day when the event isn't taking place as well. We would recommend doing this at the same time and on the same day of the week as the event, but one week earlier.

Location:

(Street entrance/adjoining road)

Date:

Weather:

(On the day of the count, ie sunny, windy, raining etc.)

Count start time:

Count end time:

Record all people on the street (as much as you are able to) by walking slowly from one end of the street to the other and counting all the people you see (excluding those in vehicles). Repeat once an hour.

***Please use a separate sheet for 'Before' and 'During' the event**

Please record the time you did your people count (for e.g. 1pm) and record the number below

Is the count before or during the event? (Please circle)		Time	Tally count	Total
Before the event	During the event			
Before the event	During the event			
Before the event	During the event			
Before the event	During the event			

**Thank you so much for taking the time to record your event.
The feedback is invaluable to us and we really appreciate it!**

Completed counts can be sent to:
Active Travel Team (Community Streets),
Transport for Greater Manchester,
2 Piccadilly Place, Manchester, M1 3BG
or inputted online at [Community Streets People Count](#)

Transport for Greater Manchester (TfGM) are conducting this survey to evaluate the impact of the Community Streets initiative. Further information about how we process your data, your rights as a data subject and how to exercise them is provided in our Privacy Notice on our website [tfgm.com/privacy-policy](https://www.tfgm.com/privacy-policy). Our Data Protection Officer can be contacted at data.protection@tfgm.com For further information about our Community Streets initiative contact active.travel@tfgm.com
