

# RESPONSIBLE LOBBYING POLICY

BIRGER CHRISTENSEN  
RESPONSIBLE LOBBYING  
POLICY

Rotate Birger Christensen A/S will only engage in lobbying or public affairs activities that are intended to contribute to a positive impact on society and/or the environment. We do not engage in lobbying that prioritises narrow commercial interests at the expense of broader societal wellbeing, human rights, or environmental sustainability. Where lobbying concerns trade or industry matters, our positions must remain compatible with responsible business conduct and sustainable development.

Our positions are always based on reliable and scientific data and aligned with our commitments to responsible business conduct and human rights.

We do not provide political donations or in-kind contributions to political parties or candidates. All lobbying activities follow strict rules on anti-corruption and bribery.

As members of Dansk Erhverv, we participate in policy discussions that support a strong, fair, and sustainable business environment in Denmark. If a lobbying position taken by an intermediary organization differs from our values, we work actively to influence alignment. Where misalignment persists, we will publicly disclose our own position and define “red lines” for continued engagement.

Our approach to responsible lobbying is guided by and consistent with the B Lab Standards and the United Nations Sustainable Development Goals (SDGs). These frameworks inform our assessment of which policy positions and advocacy activities are appropriate for Birger Christensen A/S to support or pursue.

Our lobbying activities are overseen by senior management, and the policy is reviewed every two years. We monitor risks of non-compliance and integrate this policy into our governance, training, and decision-making processes.

Stakeholders can raise concerns at any time through our grievance mechanism, which ensures confidential, safe, and accessible reporting of issues related to our business conduct or lobbying practices.

This policy has been reviewed and formally approved by the Board of Directors.
