**IMI Truflo Marine**

## OV Valve

Breakthrough  
engineering for  
a better world

## OV Valve

- Manually actuated - either by handle, lever or handwheel
- Leak proof - utilises a floating ball between two seats, allowing sealing in both directions
- No circumferential leakage path - OV seats work through pre compression and are not influenced by pressure
- Low and medium shock - ideal for use in low and medium shock
- Versatile / cartridge system - can be installed anywhere on any system
- Shock resistant - uses shock resistant materials

### Technical features

**Pressure [bar]:**  
According to requirement

**Size Range:**  
Up to DN 350

**Materials:**

- Nickel Aluminium Bronze (NAB)
- Inconel
- Titanium
- Monel
- Stainless Steel

**Temperature Range:**  
Max. working temperature: 225°C  
Min. working temperature: -35°C

### Systems Support
