

Workers' Compensation Notification Pharmacy Benefit Network

Your employer and your workers' compensation claims administrator have selected Optum as their workers' compensation pharmacy benefit network (PBN), to provide medications for your work-related injury through their pharmacy network, Tmesys®.

This means that your work-related injury medications (and other services) should only be obtained from designated companies or providers.

If you have any questions about how to obtain prescribed medications, call 1-866-599-5426.

- Some medications may require authorization, in which case the pharmacy will contact Optum to try to obtain approval while you are at the pharmacy.
- The pharmacy filling the prescription must be in the pharmacy benefit network.

How to obtain medicines

1. Your employer will provide you information and notification on the network and how to obtain medications upon implementation or when you were hired.
2. Upon receiving a notice of first injury, your employer will provide you with additional notification of requirements as well as a First Fill card.
3. Give the card to the pharmacist at a participating network pharmacy with your prescription.
4. The pharmacist will fill your prescription. You should not receive a bill for these medications.
5. A permanent workers' compensation pharmacy card will be mailed to you.
6. Use the permanent card each time you have a prescription filled for your work-related injury.
