

### Current Ineligible School List

Students currently attending a school where a Scholar was selected during the last two active cohort years are not eligible to apply for the upcoming cohort. This policy encourages equity of opportunity, allowing us to bring the Scholar experience and the community change projects Scholars create to more schools and geographical locations. The program not only supports and serves individual students and educators, but also brings opportunities and resources to the school ecosystem they are part of. Thank you in advance for your understanding.
