

Overview

1. What are citizenM hotels?

citizenM is an innovative lifestyle hotel brand founded by Rattan Chadha in 2008 and acquired by Marriott International in July 2025. The brand is known for its tech-controlled bedrooms, art-filled living rooms, and design-led experience. citizenM disrupted the traditional hotel model to give modern travellers what they want – high quality stays in prime city locations, without a sky-high price tag.

2. What is Marriott Bonvoy®?

Marriott Bonvoy is Marriott International's loyalty program, offering members points for hotel stays, travel, and purchases. Points can be redeemed for free nights, upgrades, and experiences. Members enjoy tiered benefits like late check-out and room upgrades, with elite status earned through frequent stays and spending.

3. Does citizenM participate in Marriott Bonvoy?

Yes. When citizenM properties become available for booking on Marriott's robust digital platforms (including [Marriott.com](https://www.marriott.com) and the Marriott Bonvoy mobile app), members of both programs (mycitizenM+ and Marriott Bonvoy) will be able to earn, redeem and enjoy Marriott Bonvoy benefits according to their member status. citizenM hotels will be added to Marriott's platforms in phases throughout the last months of the year.
