EZ5500BKT Mounting Feet for Reflex[®] Minibars

The EZ5500BKT Mounting Feet are compatible with the ECCO Reflex[®] series of products

Installation Instructions

- Select the desired location on a flat surface for the the feet to be mounted.
- Remove the screws from the lens of the Reflex[®] minibar and remove the lens.
- Use the four provided bolts to attach the feet to the minibar.
- Replace the lens on the minibar.
- Place the minibar with attached feet to the desired mounting location. Use the four holes in the feet to mark the mounting hole locations.
- Drill the holes using a 7/32" drill size.
- A fifth hole may be drilled for wire access.
- Connect the power wires. (Wiring instructions can be found in the Reflex[®] installation instructions.
- Mount the feet with the bolts provided.
