

CAMERA SYSTEMS

EC4204-SK Gemineye™ 4.3" LCD Color Mirror Reversing Sensor System

ECCO camera / sensor systems take driver warning to the next level, integrating an ultrasonic obstacle detection system that adds passive protection in addition to warning lights, back-up alarms and standard camera systems. While standard systems only alert danger if the driver is using the monitor, an integrated sensor system will alert the driver audibly and visually before a collision is imminent, immediately directing attention to the camera system monitor and danger zone at the rear of the vehicle.

FEATURES & BENEFITS

- Non-commercial applications
- Mirror integrated monitor
- Integrated ultrasonic proximity sensors
- Flush mount CMOS 10 LED infrared camera
- Three camera expandable

COMPONENTS

-  EC4204-M
-  EC2015-C
-  ECTC20-4 (20m/65')
-  EC1004-SK (4 sensors/speaker at 8.7m/26')

EXPANSION OPTIONS

-  Any current ECCO camera
-  ECTC5-4 (5m/16'), ECTC10-4 (10m/32'), ECTC20-4 (20m/65')

EC4204-M

internal controller	Yes
color	Yes
voltage	12-24
power consumption (W)	4.6
audio	Yes
day / night light sensor	Yes
dimensions	11.03" x 3.6" x 1.2"
weight	1.32 lbs
temperature (F°)	-4 to +158
screen size	4.3"
remote control	Yes
max cameras	3
4 pin camera connection	Yes

EC2015-C

color	Yes
power consumption (W)	<1.0
day / night light sensor	Yes
dimensions	1.69" x 1.24" x 1.1"
weight	0.14 lbs
temperature (F°)	-22 to +158
lens angle	120°
infrared LEDs	10
4 pin camera connection	Yes (threaded connection)
