

DIRECTIONAL LEDS

ED3000 SERIES Stop-Tail-Turn-Reverse and Warning Light Combo

ECCO's low-profile, multifunctional STTR directionals maximize visibility on the rear of the vehicle by integrating stop, turn, tail, and reverse lights into a single unit. Available in 4" round and 6" oval configurations with or without a middle warning light, STTR only lights feature steady burn in red and white, while the STTR and warning combo lights offer 69 attention-grabbing flash patterns. The ED3040AUX model is a tanker trailer only brake light that flashes amber five times, then turns to steady red. The ED3000 Series is DOT certified and comes with a grommet mount for easy installation.

Models

PART NO.	SHAPE	TYPE	CONNECTOR	ILLUMINATION COLORS
ED3040XX	●	STTR + Warning	PL3	AB AG AW
